## 2022 Report Shows Georgia's Election Was Massively Stolen!

### Description

**USA: We have been reporting on the stolen election in 2020.**

Trump won! But Biden stole the election! The results are apparent!

Biden, who got over 81 million votes, now can't gather ten people to support him!

No one wants to see him.

In only one hour, the investigator proves with documents, screenshots, and video that the final vote count was massively off and inflated for dementia Joe Biden.
