

## 833 Athlete Cardiac Arrests and Serious Issues, 540 Dead, Following Covid Injection

### Description

**USA:** A total of 15 players were unable to finish the Miami Open 2022 tennis tournament, including the male and female favourites. All of the players must be “fully vaccinated” to compete, the [Liberty Daily wrote](#), “just as we’ve noted for several months, most major sports have been hit with ‘inexplicable’ medical conditions popping up in young and otherwise healthy athletes, including our report that [three cyclists fell in March alone](#).”

The so-called health professionals running the Covid “vaccine” programs around the world keep repeating that “the Covid vaccine is a normal vaccine and it is safe and effective.” But as of the end of last month, *Good Sciencing* has recorded 833 athletes, worldwide, who have had cardiac arrests or other serious issues, with 540 dead, post-Covid injection.

---

Post-vaccination injuries in athletes include cardiac arrest; blood clots or thrombosis; stroke; irregular heartbeat; arrhythmia; neuropathy; and, death. With most of the post-injection injuries being cardiac arrests.

*Good Sciencing* is a small team of investigators, news editors, journalists, and truth seekers. They [state on their website](#):

*“It doesn’t really matter who we are. What really matters is that we are carrying on an investigation and we’re presenting the evidence we’ve found, almost all of it documented in mainstream media publications. We’re doing this anonymously because we’ve seen people viciously attacked and threatened for doing things like this, so we’re not going to open ourselves or any of our contacts to that.”*

As well as receiving new cases and updates from alert readers, they note that they are also receiving hate mail and death threats.

*Good Sciencing* has a non-exhaustive and continuously growing list of mainly young athletes who had

---

major medical issues in 2021/2022 after receiving one or more Covid injections. You can view the list [HERE](#).

*“Initially, many of these were not reported. We know that many people were told not to tell anyone about their adverse reactions and the media was not reporting them. They started happening and ramping up after the first Covid vaccinations. The mainstream media still are not reporting most, but sports news cannot ignore the fact that soccer players and other stars collapse in the middle of a game due to a sudden cardiac arrest. Many of those die – more than 50%.*

*“Most, if not all of these athletes have suffered heart problems after Covid vaccines. At the time of initial writing, 28 died. That was not normal, but then, 10 days later, 56 deaths were listed, and the numbers are climbing. Any other real vaccine would have been pulled off the market long before now. The media would be asking questions. They would be pressuring governments. But they are not. And governments continue running TV and radio and newspaper ads encouraging people to get their 1st, 2nd, 3rd, 4th shot.”*

Many posts on Facebook, Instagram, Twitter, forums and news stories are being removed. “So now we are receiving some messages saying there is no proof of the event or of vaccination status. That is partly because this information is being hidden,” *Good Sciencing* notes, “more people are writing to tell us that in many cases, we didn’t mention a person’s vaccination status. There is a good reason for that. None of the clubs want to reveal this information. None of their sponsors want to reveal it. The players have been told not to reveal it. Most of their relatives will not mention it. None of the media are asking this question.”

[Daily Mail reported](#) on 28 January that Sunderland FC manager Lee Johnson suggested the Covid injection could be behind his goalkeeper Lee Burge being ruled out of playing with an ‘inflamed heart’ and said ‘it happens a lot after these injections’. Two days later [the club confirmed](#) Johnson had been sacked. “Form your own conclusions as to why the club would sack the manager who cares about his players,” *Good Sciencing* wrote.

*“We know there is a concerted worldwide effort to make this information go away, so that fact alone tells us it must be collected, investigated and saved so other researchers can look at it to see if there are any useful patterns ... We really appreciate the athletes named in this list who have confirmed what happened to them so the truth can be known. They care about their fellow athletes, even if the clubs, their sponsors, media and politicians care more about money.”*
