

A discussion of the Deagel Report in relation to latest statements at Davos

**USA: As Biden Prepares Martial Law To Complete The 'New World Order', Looking Back At The Deagel Forecast For 2025 That Foretold The Mass Murder Of More Than 200 Million Americans**

**– And The Complete Destruction Of Western Civilization**

**By Stefan Stanford – All News Pipeline – Live Free Or Die**

We're going to begin this story by directing our attention to a 2-part series of alerts [Steve Quayle just posted to his website](#) calling for a day of prayer and fasting beginning at midnight on June 1st.

Asking us to please confess our countries sins, as well as our own personal sins, [while asking for God's spirit to be poured upon His People](#), we'll take a look at each of those alerts in the final section of this story below, first focusing here upon several news stories out over just the last several days that help to emphasize why Steve feels this is so crucial right now at a time when [the plans Joe Biden, Democrats, RINOs and globalists have](#)

for our people and our nation are absolutely diabolical.

With a series of over 500 previously classified US government documents finally released after more than 2 decades providing us with absolute proof that they've fully planned for such tyranny as [imposing martial law, rounding up people deemed 'dangerous' and censoring news from abroad](#), as [this Daily Mail story](#) reporting on the [Brennan Center report](#) pointed out, they've also planned on completely shutting down domestic communications between Americans with one another at a time when they'd arguably be needed most.

And while such '*theories*,' reported on within the independent media for years now, have long been called '*conspiracy theory*' by the mainstream media and '*political gatekeepers*', Americans now have no doubt such warnings were right on the nose, with [the NY Times reporting over 6,000 pages of such documents are still being kept secret and classified](#) to this very day.

So while those documents will likely stay secret until a new '*Freedom of Information Act*' is filed, and granted, requesting the remainder of those docs finally be '*declassified*', as we'd [warned in this May 29th ANP story](#), we now have proof that what the federal government has planned for Americans in a SHTF scenario are [much worse than most people could ever imagine](#), if you can imagine that!

So with the chance that those additional 6,000 documents will soon be '*declassified*' about the same as the chance of a snowball rolling through hell, we'll also take a look within this story at a few of the main components that we feel are likely still being covered up, with the '*martial law being declared*' and '*dangerous people being rounded up*' giving us a small taste of what the rest of those documents most likely portrayed, as seen almost perfectly in the Deagel Report's 2025 forecast for America and '*Western civilization*' for years and years before they finally took down that forecast.

...In Less Than 5 Years???

With one of the final Deagel Report's forecasts released showing a tremendously '*depopulated*' America by the year 2025, with a '*massive culling*' of America's population bringing our forecast population down to below 100 million people by the year 2025 (a HUGE drop of more than 227 million people!), as that Deagel Report also pointed out in their forecast numbers, and as we've reported numerous times on ANP over many years, it also showed America as a 3rd world nation by the year 2025. Perfectly pointed out in [this May 25th story by investigative journalist Leo Hohmann](#) titled "*Globalists have entered the kill phase of Great Reset; Remember the Deagel population forecast? It now makes total sense*", we see exactly why [Steve Quayle is now calling for fasting and prayer](#) for God's intervention in the coming days. [An extended excerpt from that story](#)

before we continue.:

*This was a big week for the globalists. **They feel it's their time, go time, to launch the most difficult phase of the Great Reset** so they can get on with what they call the Fourth Industrial Revolution.*

*The Fourth Industrial Revolution, as explained by World Economic Forum guru Klaus Schwab, **will lead to a "fusion" of every human being's physical, biological and digital identities. It's basically the dawning of a new era based on transhumanism and technocracy, something akin to what was laid out in the novel Brave New World.***

*But **they can't get there until they reset everything. Kill off the old. Bring on the new.***

*Resetting the world isn't something you can pull off by just pushing a button. **It requires a series of well-designed global crises, as Schwab and his chief advisor Yuval Noah Harari have said on more than one occasion.***

*So the globalists have been meeting this week in Geneva at the World Health Assembly and they have been meeting in Davos at the World Economic Forum summit. The two cities, Geneva and Davos, are both located in Switzerland, about three hours apart by car. **Between these two meetings, the globalist predator class will be getting their instructions on what to do and what to expect over the next 12 months. I am calling this 12-month window the opening salvo in the kill phase of the Great Reset.***

*Schwab opened the meeting at Davos by saying **"the future is not just happening; the future is built by us, by a powerful community, as you here in this room."***

*Schwab said **"we must prepare for an angrier world," which I take as a bad sign that the globalists are getting anxious, feeling that if they don't take drastic action soon all their plans to erect an end-times global government could be wasted.***

*Schwab added that, "We have the means to improve the state in the world, but two conditions are necessary:*

*"The first one is that we act all as stakeholders of larger communities.*

*"**And second is that we collaborate."***

***My question for Klaus is this: Collaborate on what?***

*And what does he mean, exactly, by "improve" the state of the world?*

*Improvements for whom? I believe **he's referring to improved conditions for the 1 percent who run the big banks and corporations and their minions**, which might jack it up to 3 or 4 percent. **For the rest of us, they have an agenda of misery.***

***Time for a culling***

***If we look at the WEF/UN agenda, which is supported wholeheartedly by the governments of the U.S., U.K., E.U., Canada and Australia, it's all pointing to a mass culling of the human population. They have triggered the kill phase.***

***As they see it, we can surmise from their rhetoric, the culling is needed in order to save the planet and its resources for they, the globalist elites represented this week at Davos and Geneva.***

***They have told us their plans ahead of time. They always do. We will own nothing, we will have no privacy and we will learn to like being totally dependent on the government and its corporate partners for our very survival.***

**So if you haven't yet heard of the Deagel Report or their massive forecast for 'depopulation', you can learn much more about it in each of the linked ANP stories below which have been published over a several-year period. We've also embedded a PDF document at the very bottom of this story which took a look at how it's been primarily Western nations being forecast to be 'depopulated,' with the US, the UK and numerous other Western nations being at the top of that 'depopulated' list.**

**With the US having been 'forecast' to have a depopulation percentage of more than 70%, meaning more than 7 out of every 10 Americans living here in the present would be 'gone' by 2025, how might the globalists arrive at such stark numbers unless the entire event was well thought out and orchestrated?**

## **DEAGEL'S SOURCES ARE THE 'DEEP STATE'**

**And keep in mind, as we've reported numerous times on ANP, Deagel's sources for these numbers ARE nothing less than the 'deep state' itself, with Deagel's verified sources for their numbers and forecast including: The United States government; the US Department of State; the US Department of Defense; the CIA; the World Bank and the European Union among others.
