

AOC Accuses Supreme Court Of Instigating A 'Coups' & Calls For It To Be Abolished

Description

USA: Democrat Rep. Alexandria Ocasio-Cortez has accused the Supreme Court of instigating a coup and called for it to be “done away with”

AOC made her comments while having a good old Twitter rant on Thursday.

Following a ruling that will limit the EPA's power to regulate greenhouse gases, AOC tweeted that Biden's suggestion of suspending the filibuster in the Senate isn't enough.

Referring to the Supreme Court AOC wrote: “We need to reform or do away with the whole thing, for the sake of the planet”

Catastrophic. A filibuster carveout is not enough. We need to reform or do away with the whole thing, for the sake of the planet. <https://t.co/if8PIbfs42>

[Summit News](#) reports: The ‘squad’ leader also accused SCOTUS of a “judicial coup” and called for it to be ‘restrained’ after it took up a 2020 election-related case.

BREAKING: The Supreme Court agreed to hear Moore v Harper, an appeal

advocating for extreme interpretation of the Constitution that could make it easier for state legislatures to suppress the vote, draw unfair election districts, enable partisan interference in ballot counting.

The case in Moore v. Harper, and it's a challenge to the North Carolina Supreme Court's authority to strike down the legislature's extreme partisan gerrymanders under the state constitution. We already know there are four likely votes for the legislature. <https://t.co/6Hwvb1yvgi>

AOC suggested that this sets a precedent to do away with the Presidential election... or something:

We are witnessing a judicial coup in process.

If the President and Congress do not restrain the Court now, the Court is signaling they will come for the Presidential election next.

All our leaders – regardless of party – must recognize this Constitutional crisis for what it is. <https://t.co/Dz0lh4n08D>

The latest rants come after a week of AOC calling for the Supreme Court to be abolished in the wake of the abortion ruling:

AOC: "This is not just a crisis of Roe, this is a crisis of our democracy. The Supreme Court has dramatically overreached it's authority. ... This is a crisis of legitimacy."
