

Attorney Predicts Vaccine Mandates Will Lead to "Tidal wave of lawsuits"

Description

Vaccine side effects, injuries, deaths have been reported *for decades* (see 1, 2, 3). They continue to be reported about <u>COVID vaccines</u> as well including by celebrity recipients <u>Ben Stein</u>, <u>Jimmy Dore</u>, and <u>Eric Clapton</u>. In fact, Clapton has also announced that <u>he will not perform</u> in venues that require proof of COVID vaccination.

Nevertheless, the pressure to "take the jab" is only increasing. According to one attorney, this will eventually result in courtrooms full of injured people.
