

BBC Stated CC-19 Vaccine Contains HIV!

Description

USA: What?

When we thought that the situation couldn't get any worse, this came!

What else can they put in the vaccines and spread fear among the population so they would take it?

In the video below, you will hear BBC claiming that the C-19 vaccine contains HIV!

You should listen to the real scientists when they say that the vaccine isn't safe!

Our government can't be trusted!
