

Biden Crime Family Bombshell: Hunter Funded Biolabs, Laptop's Metabiota Emails Key In Taking Down NWO [VIDEOS]

Description

“As the New York Post reports, “It’s not until the [24th paragraph](#) that the story mentions emails involving Hunter Biden and his associates in those deals, followed by these two sentences: “Those emails were obtained by The New York Times from a cache of files that appears to have come from a laptop abandoned by Mr. Biden in a Delaware repair shop. The email and others in the cache were authenticated by people familiar with them and with the investigation.”.... It took the Gray Lady nearly 17 months to grudgingly concede even a fraction of what New York Post readers learned in October 2020. Of course, Times readers would have learned all that too if their paper were still in the news business instead of being a running dog for Democrats.” Ouch” – [Infowars – BANNED.video](#)

“Why would Biden do this? Because it is a greasy slippery slope to Biden’s involvement in massive pay-to-play corruption and quite possibly further impending incriminating compromising blackmail of crusty old Joe himself.

The US Company Metabiota Inc. was awarded \$18.4 million federal contracts under the Pentagon’s Defense Threat Reduction Agency program in Georgia and Ukraine for scientific and technical consulting services. Metabiota researches global field-based biological threat research, pathogen discovery, outbreak response, and clinical trials. Metabiota Inc. was awarded \$3.1 million (2012-2015) for work in Sierra Leone – one of the countries at the epicenter of the Ebola outbreak.

According to the [Gateway Pundit](#), Hunter Biden’s investment company Rosemont Seneca Technology Partners (RSTP) funded San Francisco-based Metabiota as early as 2014. RSTP’s website also showed Metabiota as one of the companies it has invested in. Metabiota then partnered with Black & Veatch (B&V), a company with ties to the Department of Defense, to set up the labs in Ukraine.

The cover-up of Hunter Biden’s laptop is far more than his twisted crackhead lifestyle. Those emails are crucial to stopping Joe Biden’s lust for a New World Order, no matter the price.” – [Infowars – BANNED.video](#)

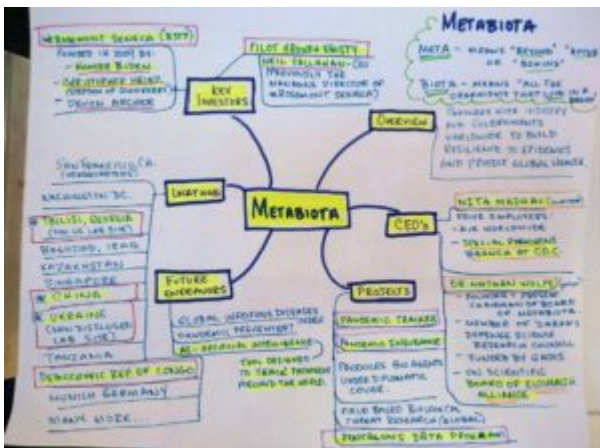

Dan Bongino had this to say in a segment on his show...

“\$18.4 Million in funding from Obamas Defence Department. John Kerry’s son Heinz was on the board with Hunter. Metabiota Isolated Deadly Pathogens, Detected, tracked and analyzed emerging infectious diseases.” – [BCWildFire](#)

Here’s The National Pulse article Bongino referenced: [EXCLUSIVE: Hunter Biden Bio Firm Partnered With Ukrainian Researchers’ Isolating Deadly Pathogens’ Using Funds From Obama’s Defense Department.](#)

More on the story from Daily Mail: [EXCLUSIVE: Hunter Biden DID help secure millions in funding for US contractor in Ukraine specializing in deadly pathogen research, laptop emails reveal, raising more questions about the disgraced son of then vice president](#)

...and we’ll just set this here...
