

Biden Says There's a "New World Order" Coming

Description

Things just keep getting "better and better"

Biden's crime family, now announcing the new world order.

Haven't we been nagging about this 'conspiracy theory' for quite some time now?

In Biden's incoherent rambling, he invoked the "New World Order" during his address.

And the internet went bonkers after Biden commented, "There's going to be a new world order out there and we have to lead it."

Here's the video that spread wildfire and remorse to the public eye.

The self-destruction of the United States and the U.S. dollar is meant to usher in the globalist agenda engineered by politicians subservient to elitists like Klaus Schwab and the World Economic Forum.

The way he says "so anyway" at the end like he just trauma dumped on a stranger on a bus about his failed marriage while dropping the actual words New World Order is just ?
