

‘Biggest Crime Ever Committed on Humanity:’ Member of European Parliament Denounces Covid Vaccines

Description

UK: Covid-19 vaccinations are the greatest scandal and “*biggest crime ever committed on humanity*” according to Christine Anderson, a Member of the European Parliament, who warned that “*unscrupulous*” globalist elites are waging war on humanity.

“This vaccine campaign will go down as the biggest scandal in medical history and moreover it will be known as the biggest crime ever committed on humanity,” said Anderson, who is the political spokesperson for the ID parliamentary group in the European Parliament through her party Alternative for Germany.

The German MEP also had words of praise and encouragement for those who are courageous enough to stand up for their convictions and defy the globalist elites.

“You are very brave people. Bravery is actually what it takes. Courage is what it takes to stand in the way of the globalist elites because they are unscrupulous and they will do whatever they can.”

Anderson is not one to mince her words. During Canada Prime Minister Justin Trudeau’s visit to the European Parliament in March, she took the opportunity to set the record straight.

“Mr. Trudeau, you are a disgrace for any democracy,” said the German MEP.

Anderson went on to accuse Trudeau of civil rights violations during the trucker convoy protest, calling him a dictator who treats citizens as “*terrorists*.”
