

Bill Gates Wants 10-Year-Olds to Learn About 'Commercial Sex Work'

Description

Vaccine-peddling billionaire Bill Gates, through his Bill and Melinda Gates Foundation, is funneling money into a nongovernmental organization (NGO) that teaches 10-year-olds and younger about “commercial sex work” and being “interested” in those with “diverse gender identities.”

Bill Gates has been found to have yet another connection to the sexualization of children around the globe, through his multi-million dollar annual donations to the International Planned Parenthood Foundation (IPPF), which is related to the American Planned Parenthood abortion mill organization and also founded by eugenicist Margaret Sanger, but functions as a separate entity.

IPPF's network is composed of 120 “independent organizations” that stretch across 146 different countries and have received more than a whopping \$80 million from Bill Gates to promote the sexualization and prostitution of children. Also funding the IPPF are Gates' close allies at the World Health Organization.

According to a 2017 “toolkit” released by the IPPF, the group calls for the mass sexualization of children 10 years of age and younger, writing in the “toolkit” that by age 10, children should be introduced to different ideas about “sexual activity,” including “commercial sex work” under the banner of “comprehensive sexuality education.”

“Sexual activity may be part of different types of relationships, including dating, marriage or **commercial sex work**, among others,” the IPPF “toolkit” reads, while also promoting “sexual rights, regardless of...age.”

Children under 10 should also be told that “As you grow up, you might start to be interested in people with diverse gender identities,” the IPPF toolkit goes on to claim.

Revelations that Bill Gates is funding the pro-prostitution, pro-LGBT sexualization of children comes after a United Nations report suggested de-criminalizing ALL forms of sex, [including the rape of children](#)

Additionally, the Gates NGO revelations come as increased scrutiny is being applied to a wide variety of NGOs that have inserted themselves into virtually every political issue imaginable, raking in major donations from millionaire and billionaire elites, like Bill Gates and George Soros.

In addition to NGOs that sexualize children, other NGOs are operating just south of the US border in Mexico, aiding and abetting illegal aliens as they prepare to enter the United States, and setting them up with resources on the American side of the border so that they can avoid deportation.

As National File recently reported, ex-Presidents Barack Obama, George W Bush, and Bill Clinton have joined forces under the banner of an NGO titled "Welcome.US", for the purpose of funneling third-world migrants into the United States from all over the world, including from Afghanistan and Ukraine.
