Description

The Handlers are feeding them to wolves right now. They want to eliminate Joe, and they are paying the price for installing an Alzheimer's patient into the WH.

But, the alternative, Kamala Harris, isn't anything better. But at least she's slightly better than Joe.

Biden has to be worried about his brother after the CBS report that has emerged.

CBS stated, " Joe Biden's BROTHER James has been dragged into Chinese payments scandal as it's revealed more than 150 transactions made by him and Hunter were flagged as 'concerning' by US banks."

James Biden got \$65,000 per month from the Chinese consulting group in 2018, totaling \$780,000. Lion Hall Group received the money.

The same company paid Hunter \$100,000 per month and a \$500,000 retainer.

Sen. Chuck Grassley got the documents, and the Republican on the Judiciary Committee spent three years investigating James and Hunter's businesses.

'We have people with the Biden name, dealing with Chinese business people that have a relationship to the Communist Party,' Grassley told CBS.

"I think James Biden was very much a part of this."

We have to ask, what would R's give up as payment for this gift?

Maybe another election?
