

BREAKING: Ex Blackrock Portfolio Manager Exposed Pfizer Fraud!

Description

USA: Pfizer fraud has been exposed too many times that I don't even know how this company works at all.

No one is taking any responsibility!

Everything has been left on the people's consciousness.

If you want to protect yourself and your closest ones, you won't get the vaccine because they are hazardous!

People can't take the shot because it causes many side effects, many complications, it doesn't protect against the virus, you can catch it anyway, and also vaccinated people die.

Now reply to LIVE video with former Blackrock portfolio manager. He exposed the Pfizer fraud and how all of these plays by the globalists threaten our investments.
