The Gateway Pundit reported earlier that Kari Lake filed her lawsuit. We now have the full document to share with our readers.

Attorney Kurt Olsen told The Gateway Pundit, "We have put forward evidence that unquestionably shows that this election was stolen with illegal votes and likely fraudulent votes."

The lawsuit begins, "the eyes of the Country are on Arizona. On November 30, 2022, Rasmussen Reports published a poll of likely U.S. voters asking about the Election Day problems with vote tabulation in Maricopa County. This poll asked whether responding voters agreed or disagreed with Contestant Kari Lake's statement calling the election 'botched' and stating, 'This isn't about Republicans or Democrats. This is about our sacred right to vote, a right that many voters were, sadly, deprived of on [Election Day], November 8th.' The results of that poll are stunning, Seventy-two

percent (72%) of Likely Voters said they agree with Lake's statement, including 45% who Strongly Agree."

Never in US history has their been so much evidence compiled of a fraudulent election taking place.

In the filing this afternoon the Kari Lake campaign claims HUNDREDS OF THOUSANDS of illegal votes were counted in the election, 59% of Maricopa County precincts had broken tabulators or printers on election day disenfranchising voters, and tens of thousands of illegal mail-in ballots were counted that did not pass signature verification requirements.

The Gateway Pundit is reviewing the document that was presented in court on Friday afternoon.

According to the filing the number of illegal votes cast in Arizona's general election on November 8, 2022, far exceeds the 17,117 vote margin between Arizona Republican gubernatorial candidate Kari Lake and Democrat gubernatorial candidate Secretary of State Katie Hobbs, certified at the official state canvass on December 5, 2022. Witnesses who were present at the Maricopa County Tabulation and Election Center ("MCTEC"), Runbeck Election Services ("Runbeck"), and a multitude of Maricopa County vote centers, as well as other facts meticulously gathered, **show hundreds of thousands of illegal ballots infected the election in Maricopa County.**

**More from the filing:** Maricopa County's public statements concerning remaining ballots to be counted on November 9, 2022, and November 10, 2022, show an increase of approximately 25,000 votes with no explanation of why the number of remaining ballots could increase.

Maricopa County officials also permitted the counting of **tens of thousands of mail-in and drop-box ballots that did not satisfy signature verification requirements.**

Here is an example of a certified signature on an Arizona mail-in ballot from the filing.

The image shows an Arizona mail-in ballot form. At the top left, the address "10625 N 9TH ST PHOENIX" is printed. Below it is a box for a return address. To the left of the main ballot area, there is a vertical column of text in English and Spanish: "BALLOT WILL NOT BE COUNTED WITHOUT YOUR SIGNATURE. POWERS OF ATTORNEY are not valid for voting purposes. LA BOLETA NO SE TRANSMITE SIN SU FIRMA. PODER DE ABOGADO no es válido para fines de votación." In the center, there is a large box labeled "SIGN WITHIN THE BOX FIRME DENTRO DE LA CAJA" with a signature written inside. Below this box is a smaller box for a phone number and a date box containing "10/27/2017". To the right of the signature box, there is a large empty box for a signature. Below this box, there are several questions with checkboxes: "Are you a citizen of the United States of America?" (checked), "Will you be 18 years of age on or before election day?" (checked), and "I am NOT a convicted felon or my civil rights are restored, and I have NOT been adjudicated INCOMPETENT" (checked). Below these questions is a signature box containing a signature and a date box containing "10/27/2017". At the bottom left, there is a note: "Within U.S. - MAIL no later than 6 days prior to Election Day (noted on ballot)".

The remedy for illegal absentee ballots is either to set aside the election under *Miller*, 179 Ariz. at 180, or proportionately to reduce each candidate's share of mail-in ballots under *Grounds*, 67 Ariz. at 183-85.

As set forth above, the Maricopa County election board and the election officers in Maricopa County engaged in misconduct that **nullifies the results** of the 2022 election in Maricopa County, by failing to prevent the entirely foreseeable problems that afflicted the voting at Vote Centers on Election Day; and by failing to follow Arizona law with respect to signature verification and chain of custody.

Kari Lake's team of expert attorneys have gathered evidence from signed witness testimony, Runbeck whistleblowers, and Maricopa County whistleblowers to craft a 68-page lawsuit against Maricopa County and Secretary of State Katie Hobbs.

They even got screenshots of text messages between IT workers hired by Maricopa County to fix election day problems.
