

BREAKING NEWS: Russia Sanctions Biden, Clinton, And Other U.S. Officials

Description

RUSSIA/USA: In a somewhat cheeky response to sanctions levied by the U.S. government, Russia has decided to reply in kind by placing its own sanctions on top U.S. officials including Biden and Clinton.

Putin is obviously going to go with this 'war' to the very end.

But, we can't say that we don't have a big fault on our site too... But on the other hand, it's not like anyone asked the American citizens if they would like to go to war and interfere.

Right?

Countries are now sanctioning U.S. officials, responding to sanctions with sanctions, and looking to concretize their own monetary order all on Joe Biden's watch...

Here's more on the story:

“The Kremlin’s latest round of travel restrictions includes 13 people, and the foreign ministry said the measures could be expanded,” The Wall Street Journal wrote in their originally published report on the matter.

“In the near future, new announcements will follow to expand the sanctions list by including top U.S. officials, military, lawmakers, businessmen, experts and media people who are Russophobic or who contribute to inciting hatred against Russia and the introduction of restrictive measures,” the foreign ministry said in a statement.

The Russian Foreign Ministry is imposing sanctions on more than a dozen Americans, including President Biden, as retaliation for sweeping economic penalties from his administration targeting Russian entities over the invasion of Ukraine.
