

## Catherine Austin Fitts and Karel van Wolferen Discuss NWO, Ukraine, NATO, EU and Putin's Shock Chess Moves on Davos

### Description

**Karel van Wolferen is an author, journalist, professor, publisher and one of the most respected voices in the Netherlands on geopolitics. Last week Catherine Austin Fitts visited van Wolferen for a wide-ranging discussion on his views about events in the Ukraine and how they relate to the push for central control globally.**

For those who seek truth over propaganda, Van Wolferen's [Wikipedia page](#) gives him the greatest endorsement:

*Van Wolferen rejects the global political role of the US since the 1990s and criticises, particularly in the Russo-Ukrainian War, both the lack of objectivity and independence of European countries and the coordination of the media in their adaptation to the political objectives of the United States.<sup>1,2</sup>*

*Van Wolferen believes the terror attacks on 9-11 and MH17 were false flag attacks and believes [Architects & Engineers for 9/11 Truth](#) and [GlobalResearch](#) tell the truth on these topics. He also believes the official clarifications about 7 July 2005 London bombings and Charlie Hebdo are polluted with misinformation.<sup>3</sup>*

*In 2020 Van Wolferen founded conspiracy newspaper [Gezond Verstand](#) (Common Sense), which among others claimed the Covid epidemic was fabricated. The University of Amsterdam officially distanced itself from their former employee after its publication, citing Van Wolferen was "ruining the trust in scientific research and the spread of factual information, for example when it comes to Corona." Van Wolferen claimed journalists accusing him of spreading conspiracies are "executing orders from the CIA".<sup>4</sup>*

---

When Fitts and van Wolferen speak, their emotions are subjugated to their knowledge, not vice versa.

They began by discussing the historical context of what's happening today in Ukraine. In 2014 there was a *coup d'état* in Ukraine in which George Soros played a major role, van Wolferen said. Adding

that “Victoria Nuland, who was the Under Secretary of something or other, boasted once that they spent USD\$5 billion to get this far, to get this *coup*, [although] she didn’t call it a *coup*.” It changed Ukraine from a sovereign country into a country remote controlled by Washington and, in a more direct fashion, controlled by the CIA for more detailed operations, false flags and so on.

In the last two years Europe and the Five Eyes countries, possibly more than the US and in a different way, have suffered from a crime syndicate that has been trying to establish a supranational totalitarian system with the World Economic Forum as an important co-ordinating, organising center, van Wolferen explained, “and it’s going to create, in the long run, a slave society.”

It’s a truly thought provoking and mind opening discussion and a must listen. During the discussion van Wolferen stated:

*” [Putin] has taken on Davos. It’s the first challenge to Davos, World Economic Forum, Gates and the lot of them. Because of the sanctions, he has created a new geo-economic system.*

*“The European Union has turned out to be a monster. Really a terrible thing. The European Union may well be the most dangerous thing for Europe ever, if this thing continues.*

*“The WHO is going to be the sole authority over all the member states of the UN...This means that Bill Gates has become the world’s great authority over everybody. That is the design. It’s beyond belief.*

*“Russia is the first challenge to all this. This is the first challenge to Davos. The first real challenge.”*

“See, your framework is much more optimistic than mine, so I want to stay with your framework,” Fitts said.
