

CIA Chief: 'We Will EXECUTE Trump If He's Found Guilty'

Description

USA: Former CIA & NSA Director Michael Hayden has promised that Donald Trump will face execution if found guilty of espionage.

Hayden and *MSNBC* contributor Michael Beschloss both posted tweets on Thursday warning that the public need to get used to the idea of Donald Trump being executed.

Beschloss posted an image of the Rosenbergs from the 1950s, noting they were executed after being convicted for giving Moscow nuclear documents.

Infowars.com reports: The tweet came days after the FBI raided Trump's Florida home and just hours after it was revealed the agency was allegedly searching for documents related to "nuclear weapons."

Former NYC Police Commissioner Bernard Kerik, who [recently](#) told Americans the Deep State might try to kill Trump, posted a *Fox News* article about Hayden's tweet.

"I told you it would come!" Kerik wrote.
