

## CONFIRMED: Graphene Oxide Found In SHOTS Pfizer SUED For \$3 TRILLION Over “Safe & Effective” LIES! (VIDEO 14 min)

### Description

“Safe and effective” was always a lie and it always will be!

Karen Kingston is back with Stew to discuss the 3 trillion dollar lawsuit against Pfizer brought by Robert Barnes.

Will this lawsuit finally be the end of Pfizer?

The pegylated lipid nanoparticle can interact with electromagnetic devices.

Graphene oxide has now been confirmed to exist in the bioweapon which is manufactured in China.

No one signed up for this but the world was deceived by Pfizer and Big Pharma’s lies.

The mRNA shots contain nanotechnology, create non-human structures inside the human body, and attack the central nervous system by crossing the blood-brain barrier.
