

## Covid Truths: Logic, Reasoning and Scientific Evidence have Disappeared

### Description

**Has scientific evidence, carefully done studies, clinical experience and medical logic had any effect on stopping these ineffective and dangerous vaccines? Absolutely not! The draconian efforts to vaccinate everyone on the planet continues (except the elite, postal workers, members of Congress and other insiders).**

In the case of all other drugs and previous conventional vaccines under review by the FDA, the otherwise unexplained deaths of 50 or less individuals would result in a halt in further distribution of the product, as happened in 1976 with the swine flu vaccine.

With over 18,000 deaths being reported by the VAERS system for the period 14 December 2020 and 31 December 2021 as well as 139,126 serious injuries (including deaths) for the same period there is still no interest in stopping this deadly vaccine program. Worse, there is no serious investigation by any government agency to determine why these people are dying and being seriously and permanently injured by these vaccines. What we do see is a continuous series of cover-ups and evasions by the vaccine makers and their promoters.

The war against effective cheap and very safe repurposed drugs and natural compounds, that have proven beyond all doubt to have saved millions of lives all over the world, has not only continued but has stepped up in intensity.

Doctors are told they cannot provide these life-saving compounds for their patients and if they do, they will be removed from the hospital, have their medical license removed or be punished in many other ways. A great many pharmacies have refused to fill prescriptions for ivermectin or hydroxychloroquine, despite the fact that millions of people have taken these drugs safely for over 60 years in the case of hydroxychloroquine and decades for ivermectin.

This refusal to fill prescriptions is unprecedented and has been engineered by those wanting to prevent alternative methods of treatment, all based on protecting vaccine expansion to all. Several companies that make hydroxychloroquine agreed to empty their stocks of the drug by donating them to the

Strategic National Stockpile, making this drug far more difficult to get. Why would the government do that when over 30 well-done studies have shown that this drug reduced deaths anywhere from 66% to 92% in other countries, such as India, Egypt, Argentina, France, Nigeria, Spain, Peru, Mexico, and others?

The critics of these two life-saving drugs are most often funded by Bill Gates and Anthony Fauci, both of which are making millions from these vaccines.

To further stop the use of these drugs, the pharmaceutical industry and Bill Gates/Anthony Fauci funded fake research to make the case that hydroxychloroquine was a dangerous drug and could damage the heart. To make this fraudulent case the researchers administered the sickest of covid patients a near-lethal dose of the drug, in a dose far higher than used on any covid patient by Dr. Kory, McCullough and other “real”, and compassionate doctors, physicians who were actually treating covid patients.

The controlled, lap-dog media, of course, hammered the public with stories of the deadly effect of hydroxychloroquine, all with a terrified look of fake panic. All these stories of ivermectin dangers were shown to be untrue and some of the stories were incredibly preposterous.

The attack on ivermectin was even more vicious than against hydroxychloroquine. All of this and a great deal more is meticulously chronicled in Robert Kennedy, Jr's excellent new book—[\*'The Real Anthony Fauci: Bill Gates, Big Pharma, and the Global War on Democracy and Public Health'\*](#). If you are truly concerned with the truth and with all that has occurred since this atrocity started, you must not only read but study this book carefully. It is fully referenced and covers all topics in great detail. This is a designed human tragedy of Biblical proportions by some of the most vile, heartless, psychopaths in history.

Millions have been deliberately killed and crippled, not only by this engineered virus but by the vaccine itself and by the draconian measures used by these governments to “control the pandemic spread”. We must not ignore the “deaths by despair” caused by these draconian measures, which can exceed hundreds of thousands. Millions have starved in third world countries as a result. In the United States alone, of the 800,000 who died, claimed by the medical bureaucracies, well over 600,000 of these deaths were the result of the purposeful neglect of early treatment, blocking the use of highly effective and safe repurposed drugs, such as hydroxychloroquine and ivermectin, and the forced use of deadly treatments such as remdesivir and use of ventilators. This does not count the deaths of despair and neglected medical care caused by the lockdown and hospital measures forced on healthcare systems.

To compound all this, because of vaccine mandates among all hospital personnel, thousands of nurses and other hospital workers have resigned or been fired. This has resulted in critical shortages of these vital healthcare workers and dangerous reductions of ICU beds in many hospitals. In addition, as occurred in the Lewis County Healthcare System, a speciality-hospital system in Lowville, N.Y., closed its maternity unit following the resignation of 30 hospital staff over the state's disastrous vaccine mandate orders. The irony in all these cases of resignations is that the administrators unhesitatingly accepted these mass staffing losses despite rantings about suffering from short staffing during a “crisis”. This is especially puzzling when we learned that the vaccines did not prevent viral transmission and the present predominant variant is of extremely low pathogenicity.

We are republishing sections, more easily digestible portions, of his article as a series of articles titled 'Covid Truths'.

This article is the third in our series and covers the section titled 'Logic, Reasoning, And Scientific Evidence Has Disappeared in This Event' in Blaylocks's article.

Although we have not included them, Blaylock's article is well referenced.
