

Denazification of Ukraine (March 20, updated)

Description

14:14 Cambodia will not allow its citizens to take part in the ongoing conflict in Ukraine, but is ready to accept refugees from this country, Cambodian Prime Minister Hun Sen said.

14:05 Photo from the front line. There is a mass surrender of the Ukrainian military in the Kopylov region of the Kiev region. According to those who surrendered, the command of the 14th motorized rifle brigade of the Armed Forces of Ukraine is demoralized and confused, the servicemen are leaving their positions. By all means they are looking for a way out to the Russian troops and decide to surrender and cooperate with the RF Armed Forces.

12:24 According to local residents, several trucks with ammunition passed from the center of Kharkov along Academician Pavlov Avenue. They turned onto Solidarity Street in the direction of Hydropark: an artillery battery of the Armed Forces of Ukraine, located near the dormitory building, is still operating from there.

10:00 The Ministry of Defense of the Russian Federation published footage of the use of the Forpost reconnaissance UAV during a special operation in Ukraine. Video.

09:38 Ukrainian troops retreating near Kiev abandoned Western weapons right in the boxes with all the documents. Here's what was attached to the third "Panzerfaust": you can trace the entire path of this particular barrel, thanks to German punctuality. True, regular verifications of this ATGM ceased to be carried out back in 2013. What happened to him next – the document is silent.

09:00 Russian SU-35 pilots spoke about the battles during the special operation in Ukraine. Video.

08:22 The Ministry of Defense delivered more than 75 tons of humanitarian aid to Kherson and the nearest settlements. People were given cereals, pasta, sugar, canned food, potatoes and fruits.

08:18 According to local residents, in Dnepropetrovsk, the occupying authorities, under the guise of martial law, are selling museum valuables abroad. So, war criminals allegedly “evacuated” the exposition of the historical museum named after D. I. Yavornitsky. Where exactly the exhibits were taken, of course, is not specified. A reliable place for the exhibits was probably found in private foreign collections.

08:15 Footage of the work of Russian loitering ammunition and attack UAVs on the positions and equipment of the Armed Forces of Ukraine. Video.

08:09 Russian special forces discovered the headquarters of the Right Sector in Kherson (banned in the Russian Federation). The den of the Nazis was shown to the fighters by local residents. They said that the militants fled the city a couple of days after the start of “Operation Z”. In the Kherson headquarters of the “right-wingers” they found Nazi symbols, literature, manuals for conducting military operations, as well as homemade shields and batons for participating in the riots. Video.

08:05 Footage of Russian Air Force strikes on military facilities in Kharkov appeared on the Web. Video.

08:00 Map of actions of the special military operation according to the Readovka Telegram channel.
