

## Dinesh D'Souza At Save America Rally Said There Were A Minimum Of 400K Fraudulent Votes!

### Description

Many people, including the mainstream media, think the presidential election is over. But, those who know the truth are aware that this is a game halfway through.

At Trump's Save America rally in PA, the people faced rain and the bad weather to hear what their President had to tell them, supporting the man who fights to save the US.

Trump was magnificent at the rally, making it as important and impactful as the premiere of the 2000 Mules!

It's a documentary that exposes the fraudulent 2020 election, showing evidence!

[The Gateway Pundit](#) reported:

*DINESH PRESENTED SOME KEY FINDINGS FROM HIS INVESTIGATION TO THOUSANDS OF PATRIOTS AND EXCLAIMED, "IF YOU REDO THE ELECTORAL MAP, YOU'LL SEE THAT MEANS THAT TRUMP WON THE 2020 ELECTION."*

*D'Souza: "In this movie, we show that there are at least 400,000 fraudulent votes and when you look at them state by state, it flips Pennsylvania from Biden to Trump. it flips Georgia from Biden to Trump, it flips Arizona from Biden to Trump. And if you re-do the electoral map, you'll see that means that Trump WON the 2020 election."*

*2000 Mules. What is a mule? A mule is a paid political operative hired by a left-wing organization to deliver fraudulent and illegal votes to mail-in drop boxes. The number 2000 is a ridiculous undercount of the number of mules. The real number is much greater. And the Democrats deployed them in all of the key states, essentially to rig the election for Biden, to put Joe Biden over the top. This is not a big lie. This is not misinformation. It is now a proven fact.*

These are the reactions from the people.

[#2000mules](#) was undeniable proof that Trump won. Saw it in the theater on Wednesday and everyone should see it, even if you don't believe it. [#DineshDSouza](#) thanks for showing the world what we all knew already.

I would love to do a screening of [#2000Mules](#) for the January 6 defendants who are locked up. Most of them went to DC not to mount an insurrection but because they were convinced the 2020 election was stolen. This movie proves their instincts were right.
