

DR JUDY MIKOVITZ: HOW TO NATURALLY STOP MRNA SPIKE PROTEINS DAMAGING YOUR BODY AFTER A COVID JAB (VIDEO 7 min)

Description

Dr. Judy Mikovitz, from the Plandemic movie, is a biochemist and molecular biologist who knows the effects of supplements on the body's cells and on viruses. In this video you will see her name the supplements, natural products, and lifestyle habits needed to: 1) strengthen immunity to prevent roaming spike proteins damaging the body after having a covid-jabs, and 2) stop the mRNA in the jab from instructing the body to continue making spike proteins. If you know someone who has had a covid-19 'vaccination' then they need to see this video so that they can stop the mRNA from causing health problems.
