

Elon Musk Is Very Much Joining The Battle Against The Deep State (VIDEO 61 min)

Description

Musk just dropped his version of a MOAB and it is beautiful. Not sure how this will play out in the future but the move has made some serious noise. The deep state continue to be surrounded by the good guys and they seem like they are losing their power. Their False Flag they just did in Ukraine seems pretty weak considering the threats they were making. Things are getting hot very quickly. This is a great time to be alive. ?
