### **Description**

Josh Sigurdson reports on the latest evil vaccine propaganda out of Canada as Theresa Tam, the Fauci of Canada claims to do an “interview” with “Mrs. Claus” as Christmas is just around the corner. In the extremely cringey video, Tam calls for children to wear masks and be vaccinated and boosted or risk being on Santa’s naughty list. The propaganda knows no bounds as millions wake up to the eugenics experiment that is the covid plandemic hoax and more and more stories come out of small children dying from the injections. In this video, we break down this news as well as news from the United States as New Jersey mandates masks in schools once again.
