

FBI Operatives Likely ‘Unindicted Co-Conspirators’, Organizers Of Capitol Riot: Report

Description

USA: Tucker Carlson dropped several bombshells on his show Tuesday night, chief among them was from a *Revolver News* report that **the FBI was likely involved in organizing the Jan. 6 Capitol ‘insurrection,’** and were similarly involved in the **kidnapping plot against Michigan Governor Gretchin Whitmer.**

“Why are there so many factual matters that we don’t understand about that day?” asked Carlson.

“Why is the Biden administration preventing us from knowing? Why is the administration still hiding more than 10,000 hours of surveillance tape from the US capitol on January 6th? What could possibly be the reason for that – even as they call for more openness... they could release those tapes today, but they’re not. Why?”

Carlson notes that *Revolver News* has dissected court filings surrounding the Capitol riot, suggests that **unindicted co-conspirators in the case are likely to have been federal operatives.**

*We at Revolver News have noticed a pattern from our now months-long investigation into 1/6 — and in particular from our meticulous study of the charging documents related to those indicted. **In many cases the unindicted co-conspirators appear to be much more aggressive and egregious participants in the very so-called “conspiracy” serving as the basis for charging those indicted.***

*The question immediately arises as to why this is the case, **and forces us to consider whether certain individuals are being protected from indictment because they were involved in 1/6 as undercover operatives or confidential informants for a federal agency.***

Key segment from Tucker:

*“We know that the government is hiding the identity of many law enforcement officers that were present at the Capitol on January 6th, not just the one that killed Ashli Babbitt. According to the government’s own court filing, **those law enforcement officers participated in the riot— sometimes in violent ways.** We know that because without fail, the government has thrown the book at most people who were present at the Capitol on Jan. 6. There was a nationwide dragnet to find them – and many are still in solitary confinement tonight. **But strangely, some of the key people who participated on Jan. 6 have not been charged.**”*

Look at the documents, the government calls those people ‘unindicted co-conspirators.’ What does that mean? Well it means that in potentially every case they were FBI operatives... in the Capitol, on January 6th.

*“For example, **one of those unindicted co-conspirators is someone government documents identify only as “person two.”** According to those documents, **person two stayed in the same hotel room as a man called Thomas Caldwell – an ‘insurrectionist.’** A man alleged to be a member of the group “The Oathkeepers.” **Person two also “stormed the barricades”** at the Capitol on January 6th alongside Thomas Caldwell. The government’s indictments further indicate that Caldwell – who by the way is a 65-year-old man... was led to believe there would be a “quick reaction force” also participating on January 6th. **That quick reaction force Caldwell was told, would be led by someone called “Person 3,” who had a hotel room and an accomplice with them** . But wait. Here’s the interesting thing. **Person 2 and person 3 were organizers of the riot** . **The government knows who they are, but the government has not charged them.** Why is that? You know why. They were almost certainly working for the FBI. So FBI operatives were organizing the attack on the Capitol on January 6th according to government documents. And those two are not alone. In all, *Revolver news* reported there are “upwards of 20 unindicted co-conspirators in the Oath Keeper indictments, all playing various roles in the conspiracy, who have not been charged for virtually the exact same activities and in some cases much, much more severe activities – as those named*

alongside them in the indictments.”

[Revolver](#), meanwhile, **has important questions about January 6th**

- *In the year leading up to 1/6 and during 1/6 itself, to what extent were the [three primary militia groups](#) (the Oath Keepers, the Proud Boys, and the Three Percenters) that the [FBI](#), [DOJ](#), [Pentagon](#) and [network news](#) have labeled most responsible for planning and executing a Capitol attack on 1/6 infiltrated by agencies of the federal government, or informants of said agencies?*
- *Exactly how many federal undercover agents or confidential informants were present at the Capitol or in the Capitol during the infamous “siege” and what roles did they play (merely passive informants or active instigators)?*
- *Finally, of all of the unindicted co-conspirators referenced in the charging documents of those indicted for crimes on 1/6, how many worked as a confidential informant or as an undercover operative for the federal government (FBI, Army Counterintelligence, etc.)?*

Rep. Matt Gaetz (R-FL) has demanded an explanation from FBI Director Christopher Wray:

We recommend you read the entire [Revolver](#) piece, which includes the fact that **at least five individuals involved in the “Whitmer Kidnapping Plot” were undercover agents and federal informants.**
