

## First Autopsy of Vaccinated Patient shows Spike Proteins

### Description

#### **First Autopsy of Vaccinated Patient shows Massive Spike Proteins in most organs tested.**

The patient died due to his organs shutting down after being infested with spike proteins after receiving the Covid Vaccine.

#### **THIS IS BIOLOGICAL WARFARE ON THE PEOPLE OF THE WORLD!**

The first-ever Autopsy of a Vaccinated Patient against COVID has revealed **the viral RNA from the “vaccine” was found in every organ of the patient’s body**, meaning, **the covid vaccine is either ineffective or the coronavirus actually spreads faster in vaccinated individuals.**

On January 9, 2021, **the man received lipid nanoparticle-formulated, nucleoside-modified RNA vaccine BNT162b2 in a 30 µg dose.** On that day and in the following 2 weeks, he presented **no clinical symptoms of Covid and tested negative for the virus.**

On day 18, he was admitted to the hospital for worsening diarrhea. Since he still did not present any clinical signs of COVID-19, isolation in a specific setting did not occur.

Laboratory testing revealed hypochromic anemia and increased creatinine serum levels. **Antigen test and polymerase chain reaction (PCR) for SARS-CoV-2 were negative.**

**9 Days after receiving the Covid Vaccine, he still tested NEGATIVE for Covid,** but was admitted to the hospital.

By day 25 (16 days after receiving the Covid Jab), the vaccinated patient had tested positive for COVID-19, presumably from a nearby COVID-infected patient in his hospital room, and died of kidney and respiratory failure the following day.

“On that day and in the following 2 weeks, he presented with no clinical symptoms,” reads a paper about the case that was published in the *International Journal of Infectious Diseases*.

**High viral RNA loads (spike proteins) were present in nearly all the vaccinated patient's organs.**

"In summary, the results of our autopsy case from the First Autopsy of Vaccinated Patient study in a patient with the mRNA vaccine confirms the view that by first dose of vaccination against SARS-CoV-2 immunogenicity can already be induced, while sterile immunity is not adequately developed," the study concluded.

In other words, although the COVID-19 vaccine triggered an immune response within the body, it didn't stop the spread of the virus throughout the body.

This is just more bombshell scientific evidence that the COVID-19 vaccine likely does more harm than good, and may actually even accelerate the spread of the coronavirus.

**Every single organ of the now-deceased person's body had become infested with spike proteins due to the jab.**

About one month prior to his death, the 86-year-old man had received his first dose of the Covid "vaccine."

**The man's body was overtaken by the Vaccine spike proteins that ate up his vital organs and left him for dead.**

As admitted by the CDC, this is not a traditional vaccine where a dead virus is used. There is no dead virus in their "Covid Vaccine."

The "vaccine" is a DNA – altering Gene therapy that is not approved. All animals this vaccine was tested on have died; now the human testing takes place – ON YOU!

**If the Vaccine Kills People, WHY is Government Pushing It?**

[Governor Cuomo of NY is pushing Vaccine Digital Passports.](#) Cuomo is not the only one pushing the Death Jab that has killed and injured THOUSANDS.

Other governors, mayors and governments around the world have been pushing the jab ([and even using bribes to do it.](#))

They want to enforce "vaccinations" for obvious reasons; they have an agenda. You will not be allowed in any public places unless you receive the JAB.

This is against your U.S. Constitutional rights and definitely falls under the CRIMES AGAINST HUMANITY category.

**YOU ARE The Test Subject For Covid Vaccines**

The First Autopsy of a Vaccinated Patient shows the patient's entire body had become overrun with high viral RNA loads from the Covid Vaccine, also known as vaccine-induced spike proteins.

"In summary, the results of our autopsy case study in a patient with an mRNA vaccine, confirm the view that by first dose of the vaccination against SARS-CoV-2, immunogenicity can already be

induced, while sterile immunity is not adequately developed,” the study concluded.

While it was discovered in the First Autopsy of a Vaccinated Patient that the lethal injection did trigger an immune response inside the man’s body, it did absolutely nothing to stop the spread of the virus or the spike proteins that caused his organs to fail.

Spike proteins were introduced into the man’s body via the Covid Vaccine, which is what caused his organs to shut down.

What this all shows, of course, is that [Vaccines are doing more harm than good](#) – if they are doing any good at all. Covid Vaccines also appear to be accelerating the spread of the Chinese Virus and its associated illnesses.

Many people are urging others to *just say no* to [experimental drug injections from the government](#).

“What’s incredible about this whole thing, is that the drug inventors, nor the manufacturers, are liable for [any adverse consequences related to their Covid-19 vaccines](#), because they were created under an emergency declaration and considered immune to any irregularities.

They said their intention was to “save humanity,” noted another, suggesting that this format of pushing deadly, liability-free drugs on the masses is part of the “new normal.”
