

Four Stages of The Global Coup

Description

You don't have to be religious to see that what we have been going through for two years with the COVID policies is a great testing of humanity on the level of Biblical prophecy. Perhaps the Four Horses of the Apocalypse in Revelation 6:1-8 of the Bible best explain the severe challenges we face now.

[THE FOUR HORSEMEN OF THE APOCALYPSE – What Do They Bring? Whose Side Are They On?](#)

The Four Horses of the Apocalypse

Revelation 6:1-8 describes the Horses of the Apocalypse as follows:

1 – White Horse: Enemy/Conquest: The first horse of the Apocalypse is white and represents an enemy who conquers. The government and corporate media told us that with COVID, we were facing an “invisible enemy.” Many people were so terrified of being conquered by that enemy that they gave up their rights, closed their businesses in the lockdown, self-isolated, got tested, social-distanced, and got the COVID shots and boosters. Many continue to wear masks even when not required.

2 – Red Horse: War/Bloodshed: The second horse is red and represents War and Bloodshed. The war between Russia and the Ukraine now poses many severe threats to the entire world.

3 – Black Horse: Famine: The third horse is black and represents Famine.

[Members Of Congress Are Now Using Words Like “Famine” And “Starvation” To Describe What Is Coming](#) reports:

“Global events are moving so quickly now, and I believe that they are going to move even more rapidly in the months ahead. Sadly, the changes that we are witnessing will have a very real impact on the daily lives of every man, woman and child on the entire planet. As I discussed [yesterday](#), a global food shortage has arrived. In fact, members of Congress are now using words like “famine” and “starvation” to describe what conditions will soon be like all over the world. For example, U.S. Senator Joni Ernst just told Fox Business that our planet is facing [‘impending famine’](#)...”

4 – Pale Horse: Pestilence/Death: The fourth horse is pale and represents Pestilence and Death. Bill Gates has warned that a much more severe plague is inevitable.

Falsification of History

[The Falsification of History: Our Distorted Reality](#) by John Hamer.

Amazon Description

“This book relates the current, insidious plight facing the human race as a direct result of a grand deception that has been imposed upon it for tens of thousands of years if not longer. This has been perpetrated by the systematic, ongoing falsification of history in much the same way as perpetrated by the powers that be in the suspiciously prophetic novel 1984, by George Orwell.

We have all been deceived on a monumental scale by a tiny clique of people who by their own birthright and bloodlines absolutely believe they have the divine right to rule over us by whatever method best suits their purposes. In order to achieve this, they have lied, deceived, murdered and even committed genocide down the millennia in an attempt to bring their ultimate goal to fruition.

Find out about the use of drugs, vaccinations, micro-chipping, mind control, trans-humanism and 24/7 distractions such as non-stop sports, entertainments and the invasive ‘celebrity culture’ that attempts to pervade our whole lives.”

The New World Order

Dr. Joseph Mercola’s 4/13/22 article [Why the New World Order Wants Programmable Currency](#) was deleted for political reasons. An excerpt is copied here:

“Technocracy is the proverbial operating system for the ‘superclass,’ a centralized global elite that is working toward securing the exclusive ownership of all the world’s assets, reducing the rest of us to indebted serfs.

While the plans for a NWO based on technocracy, i.e., The Great Reset and the Fourth Industrial Revolution, are clearly outlined on websites like that of the World Economic Forum (WEF), and world leaders are using these terms on a regular basis, when people point out the nefarious meaning of these terms, they’re typically dismissed as loony conspiracy theorists. But the NWO is no conspiracy theory. It’s not even theory. It’s a fact, and details of the plan are publicly available for anyone willing to look at them. ...Calling the opposition crackpot is the oldest trick in the book.

At this point, the time between conspiracy theory and fact ranges from weeks to mere hours, so the time of suffering for truth tellers has become fairly negligible. The price we’ll pay for ignoring truth will be far more severe, as it’ll cost us literally everything — our financial wealth, our material possessions, our health and bodily autonomy, our freedom and any possibility of pursuing happiness on our own terms. By now, it’s become clear that the NWO intends to implement a programmable currency that would give the central banks unprecedented and previously unimaginable power over your spending.

The COVID pandemic has been used to justify the implementation of a global biosecurity strategy with increased tracking and surveillance, and war will put the final nail in the coffin of the global economy and supply chains. With all of this currently underway, our opportunity to change course is short.

Defining the NWO

Aiding the NWO in their effort is mainstream media. While that's been the case for many decades, it's only in the last couple of years that their role has become transparent. In a blog detailing the historical background of the NWO, Iain Davis explains: *'The mainstream media (MSM) role is to confuse and mislead the public. They do not want the people to know what the NWO really is. They hide its history and generally deny its existence ... The MSM insist that when US Presidents talk about the NWO they are simply referring to changes in the behavioral norms, regulations and laws that broadly shape international relations...*

Contrary to the opinions of propagandists and debunkers, the NWO is a defined globalist project. The objective is to establish global governance. It was inaugurated more than 100 years ago and it has undergone numerous changes over subsequent generations.'

The Father of the NWO

The NWO traces back to Cecil Rhodes, a British business man and founder of De Beers Consolidated Mining. At his death in 1902, he bequeathed an immense fortune to the creation of a number of public foundations, a secret society, and a new world government based on the British empire. This NWO — delineated in Rhodes' 1877 manifesto, "Confession of Faith"⁴ — was to be:

'... ruled from its center by an Anglo-American elite who would exercise their control by covertly collaborating with, and manipulating, the world's political, economic, scientific and cultural leaders.

In order to exert their covert power, the group Rhodes created had to be a secret organization. As such, it wasn't given any formal identification ... Membership was offered based upon power and influence. Those who joined, agreed to take action in pursuit of the society's aims. It wasn't just a talking shop. They meant business.

The constituent groups came to be known by many names. 'Milner's Kindergarten,' 'The Round Table Group,' 'the Rhodes Crowd,' 'the Times Crowd,' 'The Chatham House Crowd,' 'All Souls Group' and 'the Cliveden set' have all been names given to various organizations within this secret society over the years.... At the center was a small group, 'the Society of the Elect,' who influenced the development and activities of its larger, working groups ... However, all members agreed to the key objective. To establish a single global government, which some people today refer to as the 'New World Order.'

Confession of Faith

Here, in Rhodes' own words, is how he described his vision for a one-world government in "Confession of Faith":

'I contend that we [i.e., the Anglo-Saxons] are the finest race in the world and that the more of the world we inhabit the better it is for the human race. Just fancy those parts that are at present inhabited by the most despicable specimens of human beings.... Why should we not form a secret society with but one object: the furtherance of the British Empire and the bringing of the whole uncivilised world under British rule for the recovery of the United States for the making the Anglo-Saxon race but one Empire....

To forward such a scheme what a splendid help a secret society would be, a society not openly acknowledged but who would work in secret for such an object ...

A society which should have members in every part of the British Empire working with one object and one idea. We should have its members placed at our universities and our schools and should watch the English youth passing through their hands'

The NWO Is Playing a Long Game

In 1891, Rhodes, together with W.T. Stead, Lord Nathan Rothschild and Reginald Baliol Brett, a friend and adviser to the British monarchy, joined forces to set Rhodes' plan for global domination into motion. Two months after Rhodes' death in 1902, the decade-old NWO group established the Pilgrims Society to create a "special relationship" between the wealthiest individuals in Great Britain and its former colony, the United States of America.

'The difficulty many people have in grasping the way the NWO wield power often stems from their focus upon the long game,' Davis writes ... 'It doesn't just span years but rather decades, across generations or even centuries. Inexorably moving towards the global economic and political dictatorship they are determined to create. Something they are currently very close to achieving thanks to their creation of the climate emergency ...

Foundations were made 'tax exempt' in the U.S. as 'charitable' organizations by the Revenue Act of 1917. This enabled the wealthiest people on Earth to fund their various social engineering projects without the need to pay any income tax. Income tax is only for the little people ... By presenting the outward appearance of benevolent 'foundations,' numerous groups ... work behind closed doors to achieve the societies' geopolitical aims ... As technology has advanced the goal of centralized authority over a global governance structure has become more attainable. While the manipulation and control techniques have advanced, the goal hasn't changed ...

There have always been people who wish to rule and many more who are content to be ruled. Our collective obedience to authority guarantees tyranny. The NWO is by no means the first kleptocracy to have cultivated and exploited our compliance.

Like all the empires that preceded it, from its inception the proposed NWO was designed to take the form of a public-private partnership between government and an immensely wealthy 'Superclass' ... Elected politicians, and the governments they formed, were always the junior partners in this network. Many were hand picked for their malleability, predisposition to corruption or loyalty to the NWO project.

With the intelligence and security agencies thoroughly co-opted, the deep state — the 'state within the state' or 'shadow state' — flourished ... Policy agendas were set and then political puppets were installed to sell the desired policies to the people, no matter who they voted for.'

Ukraine Conflict Can Serve the NWO in More Ways Than One

Robinson fears the war in Ukraine is now being used to divert our attention from the multitude of civil liberties problems and corruption that have come to the forefront during the pandemic. They all need to be addressed and remedied but aren't getting traction, in part due to internet censorship and in part due to the shift in attention toward the Russia-Ukraine situation. But there's more. Robinson continues:

'... perhaps more importantly, war fever might also serve as a new distraction from the underlying political and economic agendas that some analysts have been warning us about. Indeed, war in the Ukraine has significant potential to serve as a new enabling event facilitating the drive toward restrictions on liberties and the roll-out of agendas that, for example, the WEF has been waxing lyrical

about for two years.

A distracted and war-terrified public will be easy to manipulate whilst policies such as digital ID, mandated injections and Central Bank Digital Currencies are ushered in. Indeed, the current drive toward expanding the powers of the World Health Organization (WHO) is a clear example of the dangers of further centralization of power:

Under the guise of pandemic preparedness, the objective is to allow the WHO to force states to implement the kinds of restrictive measures we have seen over the last two years ... The possibility of a global bio-security regime, that radically disempowers local and community-level autonomy, should be of serious concern to all of us.

We simply cannot afford to continue tumbling from one highly propagandized crisis to the next and allowing our emotions to be harnessed by those who wield political and economic power ... Now is the time for calm and rational assessments of the events we are living through and, more than ever, determined engagement with widening public understanding of the agendas that many now believe to have been underlying COVID-19. This includes the need to interrogate the propaganda and manipulation populations have been subjected to over the last two years and the increasingly discredited policy responses involving lockdowns and mass injections.

Even more importantly, critical examination and awareness of the concentration of power and loss of democracy inherent in developments such as digital ID and CBDC digital currencies, and their interconnection with political visions regarding 4IR and digitized society, is more vital than ever.

It is these processes that present the most serious and substantive threat to people, potentially ushering in an era of what some describe as global totalitarianism ... More than ever before, we must have the confidence to challenge those in positions of political and economic power. We are, without doubt, at a pivotal moment in our histories. People must stay focused on the big picture.'

So, in summary, the pandemic and the global countermeasures implemented in response to it, the wealth transfer and economic destabilization, the Russia-Ukraine conflict, programmable CBDCs and the NWO plan for global control are all connected.

It's important to realize that these are not separate and unrelated events, but a coordinated effort to herd the global population in a specific, predetermined direction — one they know we'd never choose voluntarily, were we to be given all the facts. After all, who wants to "own nothing" and have every moment of your day and night surveilled in every way possible, from your correspondence and geolocation to your innermost thoughts and biological functions?

The good news is that resistance is not futile, because they need our cooperation. There's simply too many of us for them to do anything if everyone refuses to go along with their plan. At least it won't be easy for them if a majority simply says no."
