

## Fully Vaxxed Miss Brazil Dies After Heart Attack at Age 27

### Description

**BRAZIL:** Spain's largest English newspaper confirms Corria was "fully vaccinated."

#### QUICK FACTS:

- Gleycy Correia, Miss United Continents Brazil 2018, has died at age 27 following a heart attack.
- Correia had been in a coma at a Brazilian hospital in the city of Macaé for more than two months after the heart attack.
- Correia's family priest, Lidianne Alves Oliviera, [said](#) that Correia died at a private clinic on Monday after suffering the heart attack and a brain hemorrhage following an operation in March to have her tonsils removed.
- Euro Weekly News, the largest English newspaper in Spain, [reported](#) that Correia had been "fully vaccinated."

#### BACKGROUND:

- Studies in the peer-reviewed medical journal *JAMA* have [shown](#) that heart disease "reporting rates within 7 days after vaccination exceeded the expected rates across multiple age and sex strata."
- In an analysis presented during a meeting of the American Heart Association, Dr. Steven Gundry, a pioneer in infant heart transplant surgery, said mRNA COVID vaccines put many patients at higher risk of a new acute coronary syndrome, such as a heart attack, The Defender [reports](#).

26 year old NBA star Caleb Swanigan.

25 year old NFL star Jaylon Ferguson.

27 year old Miss Brazil, Gleycy Correia.

All too young and too healthy to have died. Absolutely tragic.
