

GREAT QUESTION: After Spending Three Years and Millions of Dollars, How Did Mueller and Weissmann Not Figure Out Hillary Created the Russia Hoax?

Description

USA: The Conservative Treehouse revisited the question that all of America is asking. If the Mueller Special Counsel spent so much money and time and resources, how did they not determine that Hillary Clinton was behind the Trump – Russia collusion sham?

The [Conservative Treehouse](#) asks:

*How did Robert Mueller and Andrew Weissmann [spend 2 years](#) investigating Trump-Russia; with a team of 19 lawyers, \$40 million in resources, 40 FBI agents, 2,800 subpoenas, 500 search warrants and 500 witnesses; **and not find out** that Hillary Clinton created the **hoax** they were investigating?*

This is an excellent question that no one else is asking. How could this group of experts spend so much time, energy, and resources and not determine that the Russia-Collusion sham was created by Hillary Clinton? There is even evidence from the very beginning that they knew there was no evidence to back up the claims.

The answer is just as easy as the question is obvious. Mueller and Weissmann didn't determine that Hillary was behind the Trump-Russia collusion delusion **because they didn't want to**. Their mission was to overthrow the Trump Administration, not determine the truth. This was a coup, plain and simple.

We knew this years ago.

We knew that Weissmann, who many believe was the corrupt mastermind behind the Mueller sham

investigation, was a Hillary fan. But he wasn't alone. They all hated President Trump. We also know that this showed in their corrupt actions throughout the investigation.

Will Durham get to the bottom of the Mueller sham or will he end it here with millions of dollars wasted and criminals ignored and set free?
