He and his team believe based on a range of factors that the next plan of the globalists is to launch a fear campaign concerning AIDS. This has been made possible through the weakened immune systems of those who have been injected. This echoes advice from experts such as Dr. Zelenko.

Dr. Fuellmich wants to remind the world that AIDS is not airborne, and that this will be vaccine-induced AIDS

Biden Handing Over US Sovereignty to the UN World Health Organization (WHO)

At an upcoming conference on May 22 – 28, ultimate control over America's healthcare system is scheduled to be delivered, pending a vote, to the World Health Organization that will give sweeping power to the WHO's Director-General to declare health emergencies or crises in any nation, even if that nation opposes it.

Please take seriously the severity of this existential threat to everything free people hold dear. Do everything in your power to pass this report on to others and to find ways to communicate with and to influence people to stop empowering WHO to take over our national sovereignty and freedom.

Edmonton Reader writes-

“Noticed this morning on the ticker tape of the state sponsored propaganda news (CBC) that a doctor with the Stollery Children’s Hospital in Edmonton has made a public announcement that there is an “unprecedented” increase in emergency room visits to the hospital and long wait times in emergency. I would surmise that this is injuries caused by the clot shot. Naturally this was not mentioned because no doubt that doctor would have his nuts cut off and cooked if he dared point the finger at the kill shot. The clever evilness of this ongoing genocide must be satanic in origin for surely convincing parents that they are protecting their children while they are actually maiming and murdering them shows the machinations of a diabolical entity beyond human understanding.”

I have a friend who lives near Hickory NC, he owns a farm, raising chickens for a major company. He says he’s conflicted: he’s being told to destroy the chickens, no reason given. But he’s not losing money; in fact he’s getting paid almost double to comply.
