Here is a look back at the week on the Winners and Losers.

## WINNERS

### The 20 principled holdouts.

They refused to bow to pressure, demanded more from McCarthy, and got it in writing. Heroes all.

**Kevin McCarthy:** For not bowing out. He proved he can fight Republicans, something we already knew. Now he needs to fight Democrats. He may be a pro-China, pro-Big Tech, anti-free speech, and arrogant, but he stuck in there and won.

Image not found or type unknown

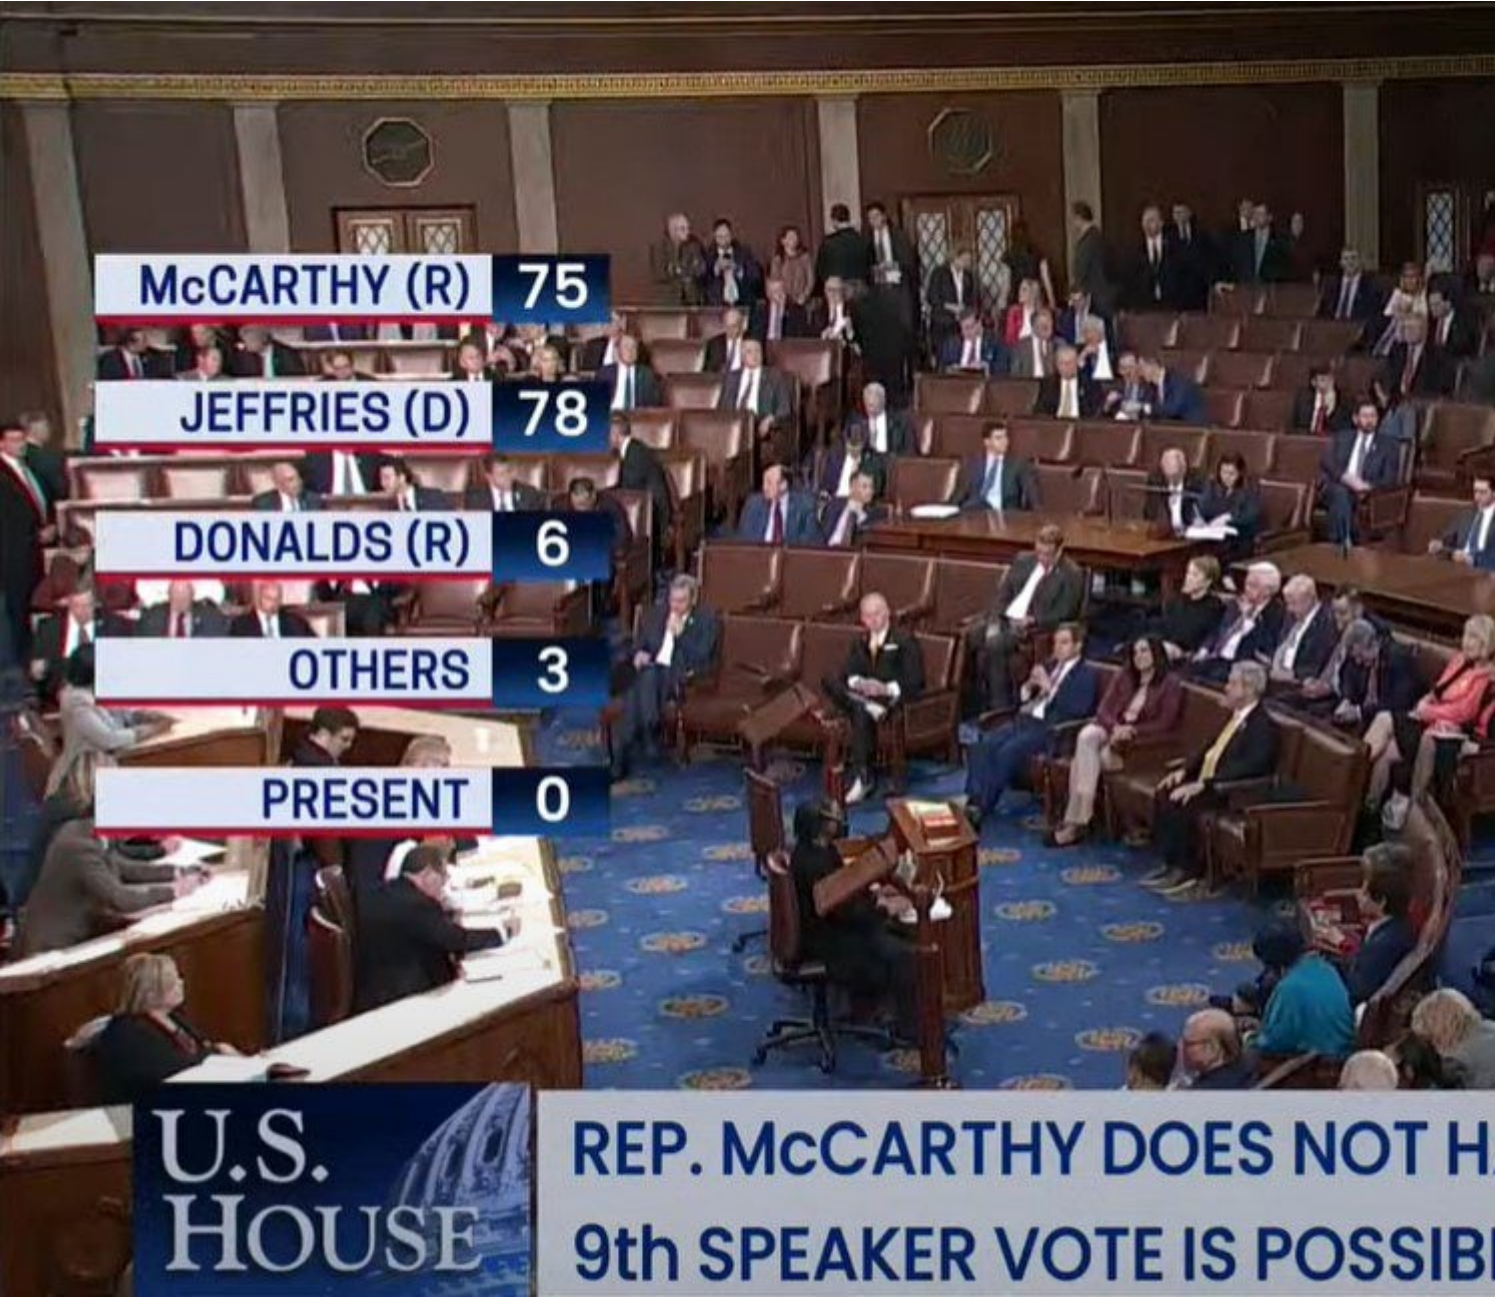

**Matt Gaetz:** Proved he will stand with the American people. Did not falter under extreme pressure. Did not resort to fighting psycho Rep. Mike Rogers who became physically aggressive.

**Democrats.** They may be communists and their policies are complete horsesh\*t but they stick together.

Steve Bannon and the War Room at RAV. The best coverage of any media company, hands down.

## LOSERS:

**Jim Jordan:** This was your moment. You were the obvious choice. We needed you and you could have united the party. History called for a bold leader. You sat on your hands. Hopefully, your day will come – again.

Psycho [Mike Rogers.](#)

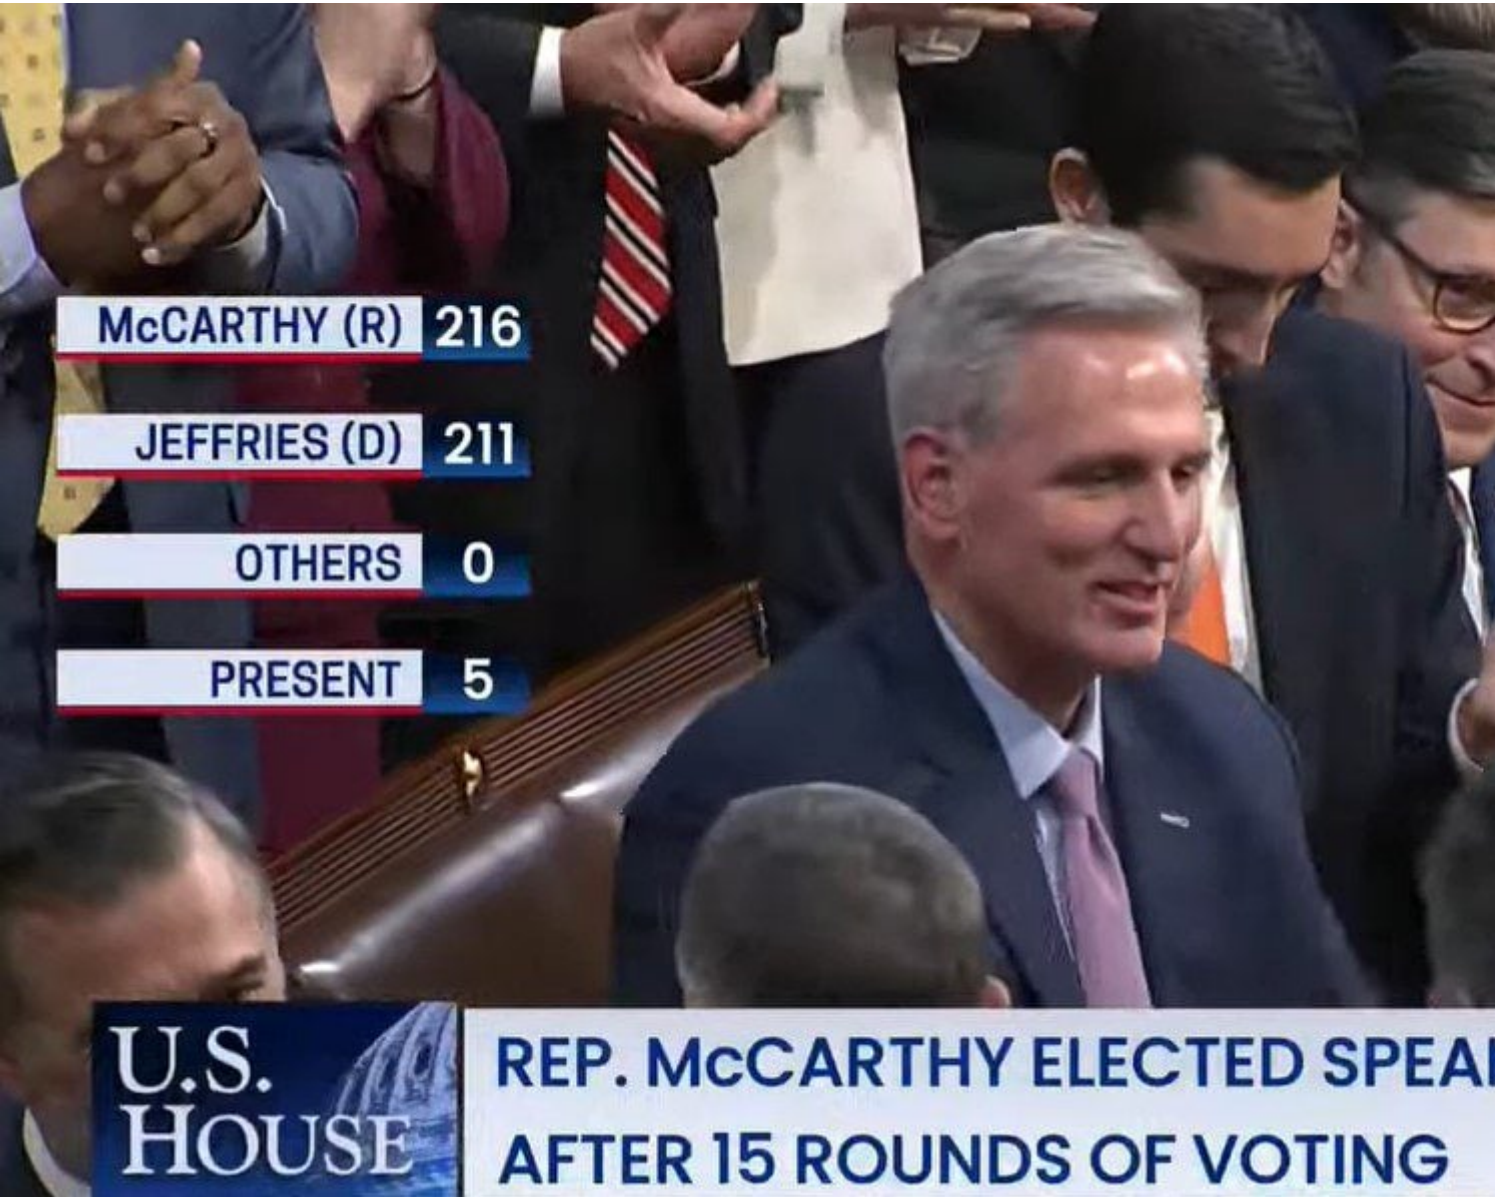

Dan Crenshaw. [Rough week](#) for Dan.

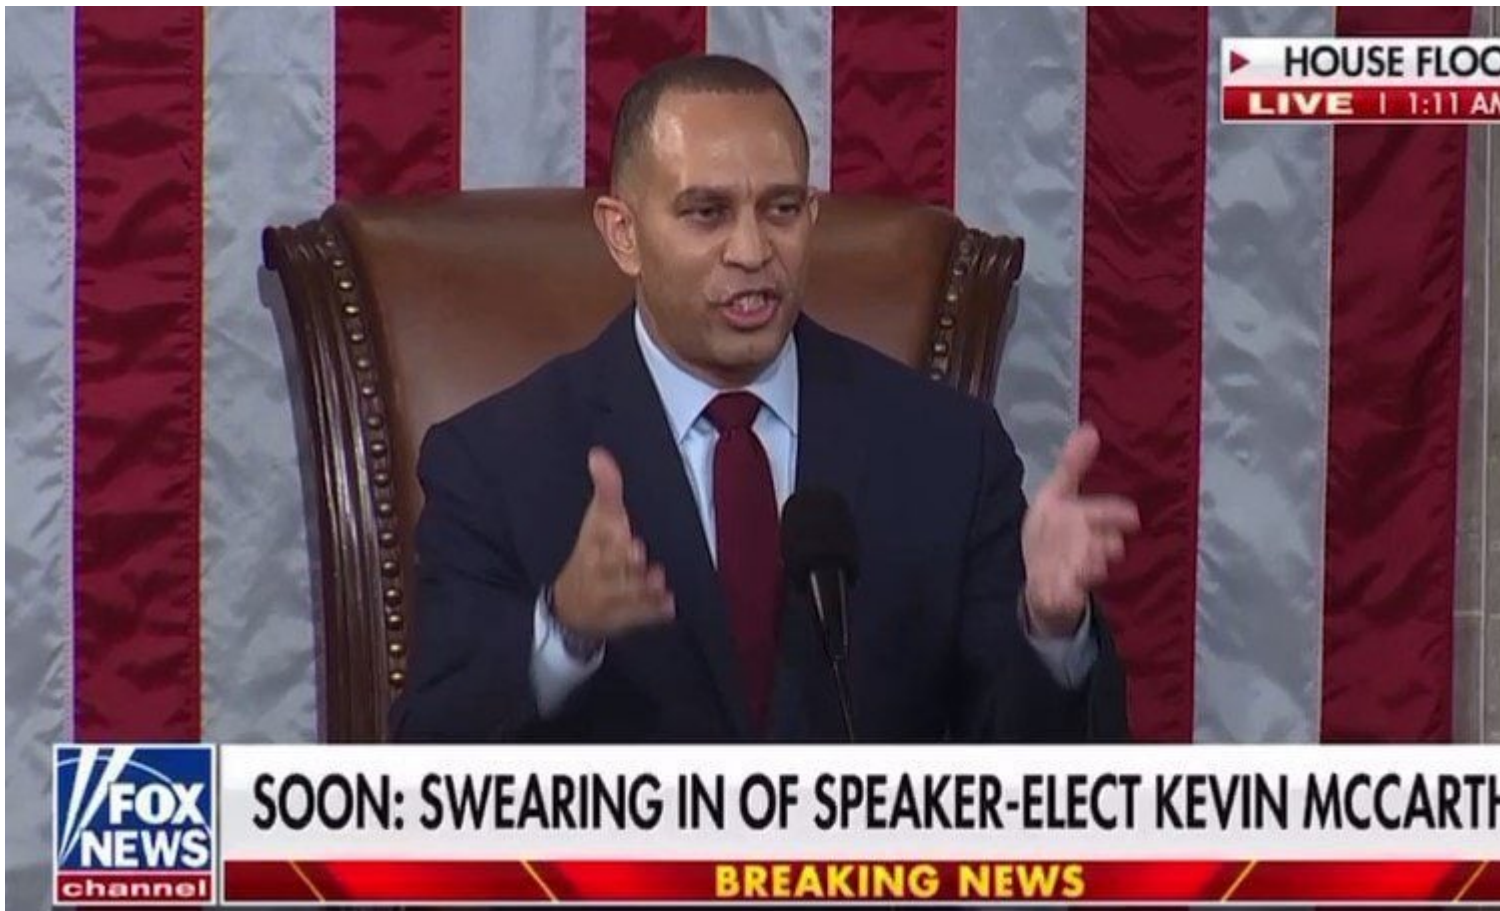

**The GOP Swamp:** How can only 21 House members see that Kevin McCarthy is not the leader we need as the country is being destroyed by Democrats and Mitch McConnell?

Hakeem Jeffries. A [complete thug and liar](#) as you would expect from a Democrat leader.

**MTG:** Why such a fangirl for Kevin? Strange.

### **Undecided:**

President Donald Trump.

We love you, but...
