

In January Biden Said the Stock Market Hit “Record After Record After Record on My Watch” – Today Stocks Have Lost \$7.6 Trillion in Value Since Biden Took Office

## Description

**USA: This is classic Joe Biden.**

Joe Biden destroys everything he touches.

Just like Barack Obama famously said, “Never underestimate Joe’s ability to f\*ck things up.”

In January, Biden took credit when the stock market rallied.

“It has hit record after record after record on my watch, while making things more equitable for working class people,” Biden said in January.

Joe Biden also took a swipe at Trump.

“The stock market — the last guy’s measure of everything, is about 20% higher than it was when my predecessor was there,” Biden said.
