

India: Muslim repeatedly rapes 15-year-old Hindu girl, then kidnaps her on pretext of marriage

Description

INDIA: These “love jihad” incidents are motivated by supremacist assumptions. The idea is that the Muslim community will always grow at the expense of the non-Muslim community, and that because that is a good outcome, any means, including deception, may be pursued in order to attain it. Also, pressure is brought on Hindu women to convert because of the Qur’an: “And do not marry polytheistic women until they believe. And a believing slave woman is better than a polytheist, even though she might please you. And do not marry polytheistic men until they believe. And a believing slave is better than a polytheist, even though he might please you. Those invite to the fire, but Allah invites to paradise and to forgiveness, by His permission. And he makes clear his verses to the people that perhaps they may remember.” (Qur’an 2:221)
