

Is this what The Great Reset looks like?

Description

Speaking of the ridiculous, here's a summary of all the advice ever given by the 'Champagne Opposition' both here at the Expose and elsewhere:

- .
- .
- > just say no (worked for Nancy Reagan)
- .
- > annoy people outside supermarkets with leaflets (worse than the born-again christians and the jovo's)
- .
- > write to your local MP (HAHAHAHAHAHAHA!!!)
- .
- > keep your frequencies up (ging-gang-gooly)
- .
- > start a commune in the far East (they hate you even more than the government)
- .
- > help yourself (Norman Tebbit will be raising a glass)
- .
- > write a book and aspire to becoming one of the 'beautiful people', talk a load of sh1t on a stage (chocolate 'king teapot affairs in Trafalgar Square, try that one this year – punching thin air!!)

> These are the actual-official recommendations of the 'champagne opposition' (I kid you not), and the only 'cyber-warfare' going on seems to be coming from the enemy (the spambots appear to be doing their dispersal job just fine).

The other thing that disturbs me coming back here is that the Expose now seem to be courting with the far-right (using the now well-established tactic of 'stirring up the sh1tpot' with the 'haters'). They're probably taking instruction off Catty Hopkins as we speak!!

>

This of course is only guaranteed to make them far less appealing to the broader audience and lose

them vital support from all cross-sections of society [and even more from that center-ground who sympathize with those who are being targeted with the prejudice]. Old Tories castigating like old Catholic mothers – perhaps somebody should point-out the 60's are now 60 years ago themselves (the last Summer of Love: 35!!!), and that this is no longer their world to go lecturing-in like an old bore (...and you ought to get-out more)!!

>

But I guess any audience will do, to a now almost completely isolated fringe-group of ex social workers (it. is. apparent. believe me!!) – when 95% vaccine effectiveness is replaced by 95% spambot in your comments section you kinda know your days are numbered, and 'whoring yourselves out' to those gullible enough to buy the Daily Mail might be just the thing.

>

Any more 'bashing' and I might well have to get busy on my keypad to the Center for Countering Digital Hate – they were created to limit free speech, but you could always play dirty and use them to try and get even with some of these b@stards at the Expose couldn't you?

>

Well done for all you have failed to achieve, and I was simply SHOCKED when I read the UK Government had got the 'vaccine' out to 5-11 year old's WHERE'S THE OUTRAGE – what's next? A sympathetic ear with Caroline and her AIDS baby "*as she only ever thought she was doing the right thing for her newborn...*"

Pass me a sick-bag the size of a 'cross-Atlantic Virgin hot-air balloon' and die anytime soon!!!

I am NOT the Messiah – I'm far too 'skanky' to mix with the 'pearly-white brigade'.
