

Justice (sic) Department Conspired with Biden, FBI, National Archives, and NY Times to Concoct a “Documents Case” against Trump

Description

US : The absence of integrity in the US Department of Justice (sic) is one of the many unremarked threats to American freedom.

Recently unsealed documents that the DOJ gangster special counsel Jack Smith tried to keep secret reveal that the Biden White House colluded with the National Archives, FBI and apparently the New York Times to concoct a DOJ documents case against Donald Trump.

[Remember, Biden was cleared of the same charges by the DOJ on the grounds that Biden was “not mentally competent” to stand trial—but he is competent to be president.]

In other words, the documents “case” against Trump was the product of a conspiracy at the highest levels of the American government to frame Donald Trump on a fake charge.
