

Kirsch: 379,000 Dead from Jab, Deadly Bioweapon Covid Shots Killing Masses

Description

I

The U.S. Supreme Court has struck down Joe Biden's nationwide vaccine mandate 6 to 3, but for millions of Americans, it's already too late. Too many submitted to the mandates and took the jab to save their jobs, and for some that has meant injury or even death.

But the number of deaths is still a mystery, thanks to the lack of transparency by the medical-industrial complex in America.
