

Kissinger, Zelensky, Davos, and the New World Order

Description

Let the criminal Henry Kissinger live long enough to see the death of the evil System he served throughout his miserable career.

[Alexander Mercouris of The Duran recounts](#) as only he can what is really going on at **Davos** with Henry Kissinger's statements on Ukraine and Russia. It is clear that Joe Biden, Zelensky, George Soros, Klaus Schwab, the governments of the UK and the EU, and the Zio-Cons are close to being on the ropes in their panicked attempts to bring Russia into GloboHomo and the New World Order. Kissinger now urges Ukraine to "*negotiate*" with Russia, especially since "*the stability of Europe*" is at stake.

In Kissinger-speak, this really means that the survivability of the New World Order and GloboHomo is at stake.

For the record, the time for talking should be over. Putin and Russia should deal the knock-out blow to this Satanic system and all of its advocates in both the United States and the West generally. Kissinger knows that the jig is up if President Putin presses on as he should. A Russian victory would also free up the American, British, and European nationalists to run the table on these career criminals by expunging them from their respective countries governments and media in a backlash of mass rage at a global political elite playing around with the lives of millions of people in their insatiable desire for a supernatural power lust.

For the Record: Kissinger's fellow Tribesman is invited to Davos as a representative of an illegitimate Kiev government installed by coup d'etat in February of 2014. This coup d'etat is a strictly [Tribal Affair](#), as is the New World Order itself.

14,000 ethnic Russians in the Donbass have been killed by that government in 8 years.

NATO continues its encirclement and recruitment policies in contravention of the Bush-Baker promises to Gorbachev when the Berlin Wall came down. As [David Stockman](#) points out, this fact, and the February 2014 coup d'etat explain Putin's actions and demonstrate the absolute recklessness of the

American and European political elite.

Zelensky reneged on the Minsk accords and in the terms later reached in Istanbul that would have ended this tragedy well before now.

Zelensky talked openly of installing nuclear weapons in Ukraine. The United States has had 30 bio-weapons laboratories in Ukraine. The United States and NATO continue pouring weaponry and mercenaries into the conflict and are working through Poland and Moldova to provoke incidents in Ukraine that would be used to justify possible NATO intervention on Zelensky's behalf.

A *coup d'état* in Kiev is AOK for American and European "Democracy" but Crimeans cannot be allowed to overwhelmingly vote in a fair referendum to return to Russia and avoid being ruled by a government installed by CIA coup.

The United States-EU-NATO cabal is deliberately using LGBTQ perversion and subversion in Ukraine, George Soros-style, to subvert the Orthodox Church and to divorce the Ukrainian Orthodox from its historic relationship with the Moscow Patriarch and the Russian Orthodox Church. \$\$\$ was paid to Bartholomew II in Istanbul to interfere in Ukraine in what is not his ecclesiastical jurisdiction. Take a look at what [James Jatras](#) proves on this via *Chronicles Magazine*. Or glance at [Magic Mike Pompeo's promotion of Gay Pride](#) on the official American consular site in Kiev.

This is all going on with rising gas and energy prices in the West, a \$32 trillion dollar national debt and rising for the United States, and a tanking economy for average Americans and Europeans. There are billions for global arms manufacturers and the American Military Industrial Complex in the latest Zio-Con project, but no infant formula to buy and no money to rebuild the domestic infrastructure of this country. Biden and Soros have opened the American southern border with Mexico to a wholesale foreign invasion. We are on the edge of World War III with this lunacy in Ukraine, Biden's latest public military threats to the Chinese over Taiwan, and Israel's continuing threats to attack Iran.

I say the time for talking is over. The Russians need to attack the Command and Control Center in Kiev, finish the job in Donbass, and slap a complete embargo on Europe on all Russian commodities. Strategies with China and Iran should be secretly put together in anticipation of the worst, if they have not been already.

The Israelis should be informed that their support of Zelensky in Ukraine and ISIS-Al-Qaeda in Syria is going to have them paying through the nose as well. Russia will take a major lead in the Information War as it relates to Israeli crimes in Palestine and Gaza. Israel should be informed that an attack on Iran will reduce Israel to radioactive glass.

Remember the "[Chicago Way](#)." It is the **only** way to deal with NATO, George Soros, Klaus Schwab of the World Economic Forum, the LGBTQ movement globally, and the Obama-Clinton-Nuland-Biden Cabal along with the Zio-Cons in the Republican Party who work with them. Zelensky should be run out of Kiev for Tel Aviv or Miami with the comfort of his personal fortune in [offshore accounts](#).
