### Description

Quote: "On today's episode of the Dr. Jane Ruby Show, Dr. Jane brings you a bombshell report from Team Enigma, the analysts first known for identifying the toxic lot numbers, who now reveal leaked emails across regulatory agencies of the United States, the EU and the UK, proving that Operation Warp Speed resulted in a huge international crime. AND reports are now pouring in from Australia from peaceful protesters burned with a heat ray in the name of "crowd control" AND in the last segment, the first numbers of child injuries and deaths from the Pfizer bioweapon are trickling BUT we have proof that the real numbers are being hidden.
