

Left-wing coastal states led by California forming “abortion alliance” to protect “right” to murder the unborn

Description

USA: Leave it to the left-wing extremists who inhabit and run the Democratic Party: They have reacted to the U.S. Supreme Court’s decision on Friday, June 24, overturning Roe v. Wade by forming an “alliance” to continue providing an “out” to irresponsible women who become pregnant by ensuring they can murder their unborn child.

The alliance was immediately announced by California Gov. Gavin Newsom, who no doubt thanks his lucky stars each and every day that *his own mother* chose to have him.

“The Supreme Court has stripped women of their liberty and let red states replace it with mandated birth. This is an attack on American freedom. CA, OR and WA are creating the West Coast offensive. A road map for other states to stand up for women. Time to fight like hell,” he said — not seeming to realize that there is nothing left to “fight” since the Supreme Court is the highest in the land and, like Roe was the “law of the land” for more than 50 years thanks to an earlier court.

“Abortion is health care, and no matter who you are or where you come from, Oregon doesn’t turn away anyone seeking health care,” the Orwellian moron governor of Oregon, Kate Brown, tweeted. “This disgraceful Supreme Court decision will put lives at risk and strips away a constitutional right has

been settled law for most of our lifetimes.”

What happened to the Left’s call for conservatives to “respect our institutions?”

“For all the Americans today feeling scared, angry and disappointed — for everyone who needs an abortion and does not know where they can access safe reproductive health care — please know you are not alone, and the fight is not over,” she claimed, though the fight *is* over. There is nothing left to fight.

“The law remains unchanged in Washington state, but the threat to patient access and privacy has never been more dangerous. Even in Washington state, Republicans have introduced about 40 bills in the past six years to roll back abortion rights and access to reproductive care,” Washington Gov. Jay Inslee, another far-left pro-abortion fanatic whose state is a member of the ‘alliance,’ added.

“The right of choice should not depend on which party holds the majority, but that’s where we find ourselves. More than half the nation’s population now lacks safe access to a medical procedure that only a patient and their doctor can and should make for themselves,” he added.

No one “lacks” anything; if women still want to prematurely end the lives of their unborn children, obviously there are still plenty of states that will accommodate them.

Democrats are the party of death. That protecting abortion is the hill they want to defend is proof of that.
