

## Military Situation In Ukraine On March 17, 2022 (Map Update)

### Description

UKRAINE: Doesn't look good for Russia, stalemate since more than a week now. Maps from the eights on show little change whatsoever.

## Military Situation In Ukraine On March 17, 2022 (Map Update)

The initial moves being stopped, the moves against Kiev still being the most dangerous, but successes there are costly. Will they prove to costly in the end? Well, since three days Russian diplomacy seems to have to address the reality and stopped their ultimatums, even if that could still be a delaying tactic.

One thing for sure, Ukraine invasion didn't work out as expected. Despite Russian troops seizing a city, people were protesting against the invaders, until Russian troops made them stop, that's not what liberation looks like. ?

Anyway, Southfront will spout more propaganda anyway. ?
