

## Moderna CEO Just Dumped \$400 Million in Stock and Deleted His Twitter Account

### Description

**USA: Days after Pfizer admitted a safety audit could wipe billions off their stock market valuation, Moderna CEO Stéphane Bancel dumped hundreds of millions of dollars in stock and deleted his Twitter account.**

Nothing to see here, folks. Not suspicious at all.

The Moderna CEO's strange moves came shortly after a former Blackrock executive began investigating the death statistics from insurance companies and funeral homes.

[Edward Dowd](#) is a former hedge fund manager who started digging into death statistics from insurance companies and funeral homes:

He also started accusing Pfizer and Moderna of fraud in the vaccine clinical trials.

Your CEO nuked his Twitter account yesterday...my educated guess that was done on the advice of in house lawyers. [\\$MRNA](#)
