

## More Than Alvin Bragg: Map Shows Nationwide Network of Soros-Owned Prosecutors

### Description

**A map of the United States complete with dots representing each Soros-funded prosecutor paints a troubling picture of the American legal system, under siege by the left-wing billionaire and his globalist associates.**

Anti-Trump Manhattan DA Alvin Bragg is far from the only prosecutor bankrolled by George Soros. As the map reveals, there are at least 75 prosecutors backed by the Open Societies founder and World Economic Forum member who spent World War 2 collaborating with the Nazis and now bankrolls left-wing (and often violent) political efforts all over the world, including the revolution that overthrew Ukraine's elected government in 2014.

In recent years, Soros has redoubled his efforts in the United States of America, funding a vast network of elected officials loyal to his globalist influence machine.

"If you're just learning about Manhattan DA Alvin Bragg today, you need to know he's just the tip of the iceberg," the Law Enforcement Legal Defense Fund (LELDF), a group dedicated to supporting officers wrongly charged with crimes, posted to Twitter.

"The U.S. currently has at least 75 Soros-backed social justice prosecutors – supported through campaign dollars and/or Soros-funded progressive infrastructure groups."

According to the map, George Soros has his hand-picked prosecutors installed in a majority of states, with most of them concentrated in major jurisdictions. The map is notably bare around Idaho, Montana, the Dakotas, and Wyoming, some of the most reliably conservative states in the country.

Alongside the map, [@LELDF](#) posted a chart showing some of the top recipients of George Soros' prosecutor campaign funds, and the Political Action Committee fundraising operations that serve as Soros front groups, in an obvious effort to obscure his involvement.

Alongside Alvin Bragg who received \$1.1 million from George Soros, top Soros beneficiaries include

Chicago prosecutor Kim Foxx, who received \$2 million in Soros money, Los Angeles prosecutor George Garscon, who received a whopping \$4.7 million, and Buta Biberaj, of Loudoun County, Virginia where a trans bathroom serial rapist was let off the hook, received \$922,000.

In a post he made to Truth Social as he embarked to New York City to face prosecution at the hands of Soros-funded DA Alvin Bragg, President Trump called out the Sorosian bankrolling of American prosecutors' offices.

"Biden and his 'people' knew all about the Radical Left, Soros backed D.A. (Bragg) going after 'Trump,'" the 45th President wrote, calling the case a "Witch Hunt" and also taking a swipe at Matthew Colangelo, an Obama-Biden Justice Department official who was brought in to act as Alvin Bragg's pit bull and spearhead the Manhattan DA's efforts to pour through "zombie" files long discarded by the DA's office and create a case against President Trump out of thin air.
