

New J6 Footage Shows Officer Saying “They Set Us Up”

Description

USA: New Metropolitan Police Department body camera footage from January 6th shows an officer saying he was “set up”.

Per Kyle Becker, the new footage stems from the bodycam footage of MPD officer Lawrence Lazewski which was used in the trial of Jan. 6th defendant William Pope.

The footage itself shows officer Lazewski approaching a group of officers on the upper Terrance of the Capitol.

One officer in particular that appeared on Lazewski’s body camera footage appeared to be upset about how easily the Capitol was infiltrated and stated “They set us the [expletive] up. “That’s what they did. They set us up.”

The bodycam of MPD officer Lawrence Lazewski shows him and another MPD officer expressing the belief police had been “set up” on January 6.

After nearly 90 minutes on the police line on the west front of the Capitol, Lazewski retreated to the Upper West Terrace at 2:33 p.m. He approached a group of other officers, one of whom was engaged in an animated discussion.

“They set us the [expletive] up,” the officer said. “That’s what they did. They set us up.”

“They set up [Unit] 64, absolutely, and then they ask you all to come two hours later. They set us up.”

Lazewski said, “They needed everybody right away,” to which the other officer replied, “Nah, right away, they set us the [expletive] up. We ain’t got [expletive].”
