

OMG!!!! THE TRUTH COMES OUT FROM AN INDIAN FARMER

Description

INDIA: There have not been covid deaths in India, all the dead have died of starvation caused by lockdowns. All the dead floating in the river were people who were starved to death. They locked the farmers down, did not permit them to work in any way, including tending their animals, and now they are starving. He also goes over what is going to happen elsewhere, they are gearing up for total genocide and he's already seen this first hand.
