

## OUCH! Marjorie Taylor Greene SHAMES Former Twitter Censorship Boss For Banning Her Campaign Account But Allowing Child Porn... And Once Wrote Minor Boys Should Be Allowed on “gay, adult male hookup site” [VIDEO]

### Description

USA: Twitter’s top former censors have been on the hot seat all afternoon as they appear before a Republican-led House Oversight Committee to answer questions about their outrageous and targeted censorship of conservatives, including Republican members of Congress like badass Rep. Marjorie Taylor Greene (R-GA), who destroyed top Twitter official Yoel Roth after he used his position to harm conservatives, whom he openly despised on his personal account, where he called Trump and his administration “actual Nazis.”

One of the most heated moments of the congressional hearing occurred when the outspoken firebrand from Georgia accused Twitter’s former head of trust and safety, Yoel Roth, of election interference when her campaign Twitter account was shut down amid her 2022 campaign.

In November, following Elon Musk’s release of the Twitter Files, Roth whined about having to flee his San Francisco home, claiming he and his family were placed in danger after the damning evidence of how top Twitter officials used their positions to control the narrative about COVID, and Hunter’s laptop while silencing conservatives and colluding with Democrats and officials in our intelligence agencies.

Unfortunately, for several top Twitter officials, millions of Americans were outraged when they discovered how they used unacceptable and abhorrent tactics to silence anti-COVID vaccine

advocates and medical professionals who called for the use of Ivermectin as a treatment for COVID-infected patients and shut down or suspended users who tried to share the stunning contents of Hunter Biden's laptop. Rep. Taylor Greene also reminded the disgraced former Twitter official that Twitter shut down users who questioned the accuracy of voting machines or the results of the 2020 election but allowed Democrats who questioned the 2016 election results to remain on Twitter.

Rep. Taylor Greene ripped into Roth for election interference when he allowed her account to be suspended during her campaign while allowing child pornography to flourish on Twitter. The Georgia lawmaker dropped a MOAB bomb on the censorship weasel when she shared an example from Roth's doctoral dissertation, titled "Gay Data," where he allegedly argued that minors should have access to the adult, male gay "hookup" site Grindr.

Rep Taylor Greene blasted the disgusting Roth, "You permanently banned my account, but you allowed child porn all over Twitter!"

Taylor Greene showed tweets she posted before she was banned, including tweets about COVID vaccine injuries and her opposition to forced vaccinations on our US military members. When she was told her time was expired, she landed one last blow to Roth, telling him that his "time was expired!"
