

Over Million Attend Latest Covid19 Protest in London!

Description

UK: On Saturday 29th May 2021 over one million protesters march through Westminster central London to protest against the covid19 tyranny.

The British government is thinking about making COVID-19 vaccination compulsory for healthcare workers to stop the spread of the virus in hospitals. When will the insanity stop?

The UK Government downgraded the danger of Covid19 from a high consequence infectious disease on 19th March 2020 (1 week BEFORE the first lockdown) – <https://www.gov.uk/guidance/high-consequence-infectious-diseases-hcid>
