### God doesn't need servants

June 24, 2007 by daviddepage

God didn't create you to be his servant. He didn't create you because he needed someone to clean his toilet and lick his boot. God created you out of love. God created you NOT so that you could love him but so that he could love you. You are not obligate to love god. You have the choice free will. The reason god gave you free will is so that you would have a 50% chance of loving him 50% chance. Because -> you <- can choose not to love god ---> YOU <-- CAN CHOOSE TO LOVE GOD. The choice belongs to you. When you finally choose to love god if you ever choose to love god it will be because --> you <- choose to love god. If god was threatening you with hell it would not be your choice to love god. God gave you free will. For you will to be free it has to be free of coercion. If god created you as a servant only capable of loving him you could not choice to love him that choice would not be yours it would already be made for you. The only way you can choose to love god is if you are also capable of

As far as ideology – Depape’s activities and postings don’t provide a clear picture.

They are really trying to pass this guy off as MAGA.

Reportedly Paul Pelosi attacker is David Depape — a Castro supporting nudist transient from Berkeley CA (he’s on the far LEFT literally and figuratively)

People are rushing to describe the suspect in the Pelosi attack as politically motivated, but the evidence so far suggests that he suffered from serious mental illness and drug addiction and lacked any coherent political ideology <https://t.co/0tKZwACaBA>

Meanwhile, **Pelosi is reportedly undergoing brain surgery** following the attack, and has suffered bruising, severe swelling and other injuries.

Can we take a moment to appreciate how the “YOU DONT NEED A GUN TO STOP A HOME INVASION” folks literally had a home invader wrestle their own hammer off them to use against them. [pic.twitter.com/V7hRi1MmwQ](https://pic.twitter.com/V7hRi1MmwQ)

**Update (1223ET):** More details are trickling in from the Paul Pelosi's assault.

CNN reports that the assailant was **looking for the Speaker**, and allegedly shouted “Where is Nancy? Where is Nancy?”

Huge breaking news: The assailant who attacked Paul Pelosi in his San Francisco home reportedly shouted "Where is Nancy, where is Nancy?" before attacking him with a

AP also reports that Pelosi suffered **blunt force injuries to his head and body**, and that the yet-to-be-identified assailant used a hammer, according to law enforcement sources.

Meanwhile, **Capitol Police have obtained video of the attack** according to *CNN*, and may ramp up protection for lawmakers' families.

And according to a statement by the US Capitol Police, "Special Agents with the USCP's California Field Office quickly arrived on scene, while a team of investigators from the Department's Threat Assessment Section was simultaneously dispatched from the East Coast to assist the FBI and the San Francisco Police with a joint investigation."

The USCP, FBI and SF Police are launching a joint investigation into the break-in.

Paul Pelosi, the husband of House Speaker Nancy Pelosi was **violently assaulted** after someone broke into their San Francisco home overnight.

"Early this morning, **an assailant broke into the Pelosi residence in San Francisco and violently assaulted Mr. Pelosi**," reads a statement on the Speaker's website from spokesman Drew Hammill.

"The assailant is in custody and the motivation for the attack is under investigation. Mr. **Pelosi was taken to the hospital, where he is receiving excellent medical care** and is expected to make a full recovery. **The Speaker was not in San Francisco at the time.**"

The left, of course, has already started blaming Republicans for the home invasion in [checks notes] **crime-ridden San Francisco.**

It's always the Pharisees who most loudly wear their godliness who project their vile and violent lies and fantasies onto the rest of us.

We know who are the truly virtuous.

And who are anything but. <https://t.co/dmMOhDgYmn>

— Nan Hayworth, M.D. (@NanHayworth) [October 28, 2022](#)

This is extremely irresponsible of you. You have no clue what the motivation of the attacker was. Crime is through the roof in San Francisco just like it is in all Democrat run cities. Do I need to remind you how Rand Paul was beaten? How Steve Scalise was shot? I can keep going. <https://t.co/iKArG9Nqtq>

— Robby Starbuck (@robbystarbuck) [October 28, 2022](#)

Or, maybe it was linked to Nancy Pelosi's high-profile visit to Taiwan, widely considered a provocation?

This isn't the first time the Pelosis have come under attack in San Francisco. In 2021, vandals [spray painted](#) their house and left a severed pig's head in front of their garage.

Meanwhile, this just hasn't been Paul Pelosi's year – having been busted for a DUI (for which he avoided jail time). He's also been on a bit of a cold streak investment-wise, coinciding with national attention on the Pelosis' years-long hot streak.

Would Paul have been safer if he'd gone to jail for that DUI?

Paul Pelosi was too drunk to even walk. He could've seriously hurt someone. Here's his DUI video. [pic.twitter.com/G1XaD8LkEY](https://pic.twitter.com/G1XaD8LkEY)
