

Please Sign The Petition to Stop the Global Vaccination Campaign

Description

Never before has a vaccination harmed so many people, cost so many lives. Now even children are to be vaccinated! Please sign this petition to help put a stop to this crime against humanity.

It is our moral duty to stand up and act against this as a world community. We join the Israeli lawyers in demanding that the medical experiment, which violates the Nuremberg Code and commits crimes against humanity, be stopped immediately.

Now even children should be vaccinated! It is our moral duty to stand up against this as a global community and to act. We join Israeli lawyers and demand that the medical experiment that violates the Nuremberg Code and crimes against humanity be stopped immediately.

We would like to ask you to take a moment to sign the petition at the link below, which seeks to stop the global vaccination campaign through an action in the International Criminal Court.

The petition's organisers write:

“Never before has a vaccination harmed so many people, cost so many lives. Now even children are to be vaccinated! It is our moral duty to stand up and act against this as a world community. We join the Israeli lawyers in demanding that the medical experiment, which violates the Nuremberg Code and commits crimes against humanity, be stopped immediately.”
