When will people realize that the atrocities being perpetrated by the FBI and DOJ having to do with the Raid and Break In of my home, Mar-a-Lago, or after years of other atrocities and unthinkable violations of freedom and the law, this has been going on for years, from the moment I came down the golden escalators in Trump Tower, right up until the present. At some point you have to look at what took place in the past to determine what is going on in the present....

....and nothing has ever happened like that which is going on in our Country right now. The law enforcement of our Country has become that of a Third World Nation, and I do not believe the people will stand for it—between Fraudulent Elections, Open Borders, Inflation, giving our Military to the Enemy, and so much more—how much are we all expected to take?

Never in our Country's history has there been a time where law enforcement has been so viciously and violently involved in the life and times of politics in our Nation. Even in light of the fact that they violated the Russia, Russia, Russia Scam, Impeachment Hoax #1, Impeachment Hoax #2, the Mueller Witch Hunt, lied many times before Congress, and on many occasions put out fraudulent information before the FISA Court, they continue. They have no shame. They are destroying our Country!

A major motion pertaining to the Fourth Amendment will soon be filed concerning the illegal Break-In of my home, Mar-a-Lago, right before the ever important Mid-Term Elections. My rights, together with the rights of all Americans, have been violated at a level rarely seen before in our Country. Remember, they even spied on my campaign. The greatest Witch Hunt in USA history has been going on for six years, with no consequences to the scammers. It should not be allowed to continue!

The easiest approach for President Trump's legal team to take would be the generalized nature of the search warrant. The Fourth Amendment specifically prohibits the government using general warrants to search private belongings of individuals.

**Fourth Amendment** – *“The right of the people to be secure in their persons, houses, papers, and effects, against unreasonable searches and seizures, shall not be violated, and no Warrants shall issue, but upon probable cause, supported by Oath or affirmation, and particularly describing the place to be searched, and the persons or things to be seized.”*

The warrant as issued:
