

## Putin Puts the ‘New World Order’ on Notice: “Grave Consequences If You Interfere with Russia”

### Description

**RUSSIA: Russian President Vladimir Putin has warned the ‘New World Order’ that if they interfere in Russia’s business there will be severe consequences.**

As Russian troops entered Ukraine, Putin gave a televised speech in which he warned Russia would not accept Western interference:

‘To anyone who would consider interfering from the outside – if you do, you will face consequences greater than any you have faced in history,’ Putin said.

[Infowars.com](https://infowars.com) reports: The United Nations Security Council had just convened an emergency meeting Wednesday night when Putin took to Russian airwaves to announce the invasion at 5:50am Moscow time.

Antonio Guterres, the Secretary General of the United Nations, had urged Putin to stop his tanks.

‘If indeed an operation is being prepared, I have only one thing to say from the bottom of my heart,’ said Guterres.

‘President Putin, stop your troops from attacking Ukraine. Give peace a chance. Too many people have already died.’

Putin ignored the plea, going on TV to describe the invasion as a ‘special military occupation’ and said he wants to ‘demilitarize’ and ‘de-Nazify’, not occupy, the country.

He told Ukrainian service members to ‘lay down their arms and go home,’ saying Russia could not exist with a ‘constant threat emanating from the territory of Ukraine’ and clashes between Russian and Ukrainian soldiers was ‘inevitable.’
