

Radical Left pushes INSURRECTION: Calls to demolish U.S. Supreme Court after landmark pro-2A decision affirming individual right to self-defense

## Description

**USA: The Supreme Court has struck down a longtime gun control law that barred most people from carrying a firearm concealed. And *MSNBC* talking-head Keith Olbermann is enraged.**

On Twitter, Olbermann called for an *insurrection* against the Supreme Court, including its total abolishment. If that does not work, then Olbermann wants people to just ignore the court entirely and pretend as though it does not exist.

“It has become necessary to dissolve the Supreme Court of the United States,” Olbermann declared on Twitter with about 2,700 “likes,” as of this writing. “The first step is for a state the ‘court’ has now forced guns upon, to ignore this ruling.”

In other words, Olbermann wants law enforcement to continue prosecuting anyone in New York who is caught with a concealed firearm, even though the Supreme Court has decided that carrying concealed in New York is fully constitutional and in alignment with the Second Amendment.

“Great. You’re a court? Why and how do you think you can enforce your rulings?” Olbermann further added, along with the hashtag #IgnoreTheCourt.

## Olbermann curses every Supreme Court justice who ruled in favor of the Second Amendment

Olbermann did not stop there, though. In two additional tweets, he taunted SCOTUS over the decision, mocking the court’s apparent inability, according to him, to actually enforce the new ruling.

“Hey SCOTUS, send the SCOTUS army here to enforce your ruling, you House of Lords radicals pretending to be a court,” Olbermann jested, unable to see the irony in his own statement.

The irony, in case you missed it too, is that it will be much harder to continue enforcing the concealed

carry ban than it will be to just let it go. Perhaps Olbermann is planning to walk around the Big Apple strip-searching people himself in pursuit of hidden guns?

In a third tweet, Olbermann resorted to a foul-mouthed *curse* on Supreme Court Justices Alito, Thomas, Roberts, Gorsuch, and Kavanaugh, “and the paralegal Coney Barrett” for voting to restore New Yorkers’ Second Amendment rights.

The 6-3 decision will also reportedly allow more people in [other states](#) to legally carry guns on the streets, including in larger cities such as Los Angeles and Boston where similar gun control measures were enacted.

“The Second and Fourteenth Amendments protect an individual’s right to carry a handgun for self-defense outside the home,” said Justice Thomas about the decision.

Olbermann obviously disagrees and wants a full insurrection on the highest court in the land in order to remedy the situation to his liking. Remember, this is the same guy who repeatedly condemned the “insurrectionists” for entering the Capitol building through the velvet ropes and wide-open doors on Jan. 6, 2021.

“I think it’s time for the dissolution of Keith Olbermann!” joked one commenter.

“This sounds kind of ... seditious?” wrote another.

Someone else pointed out that at no point has the Supreme Court decided to “force guns” onto anyone, as Olbermann falsely suggested in his deranged rant.

“Holy howitzers and bazookas, Batman!” this person wrote.

“As for Twitter, it’s revealing about the people who have been thrown off of the platform, including President Trump. But it’s even MORE revealing about those whom Twitter has allowed to remain on it, in good standing.”

Others pointed out the hypocrisy of the Left in simultaneously demanding the “right” to murder unborn and even newborn children while also demanding an end to the Second Amendment because *think of the children!*

“Look at all the stories with the same bu\*\*\*\*it talking point: ‘Supreme Court expands gun rights’ ... more like *restored* a constitutional right,” added another.
